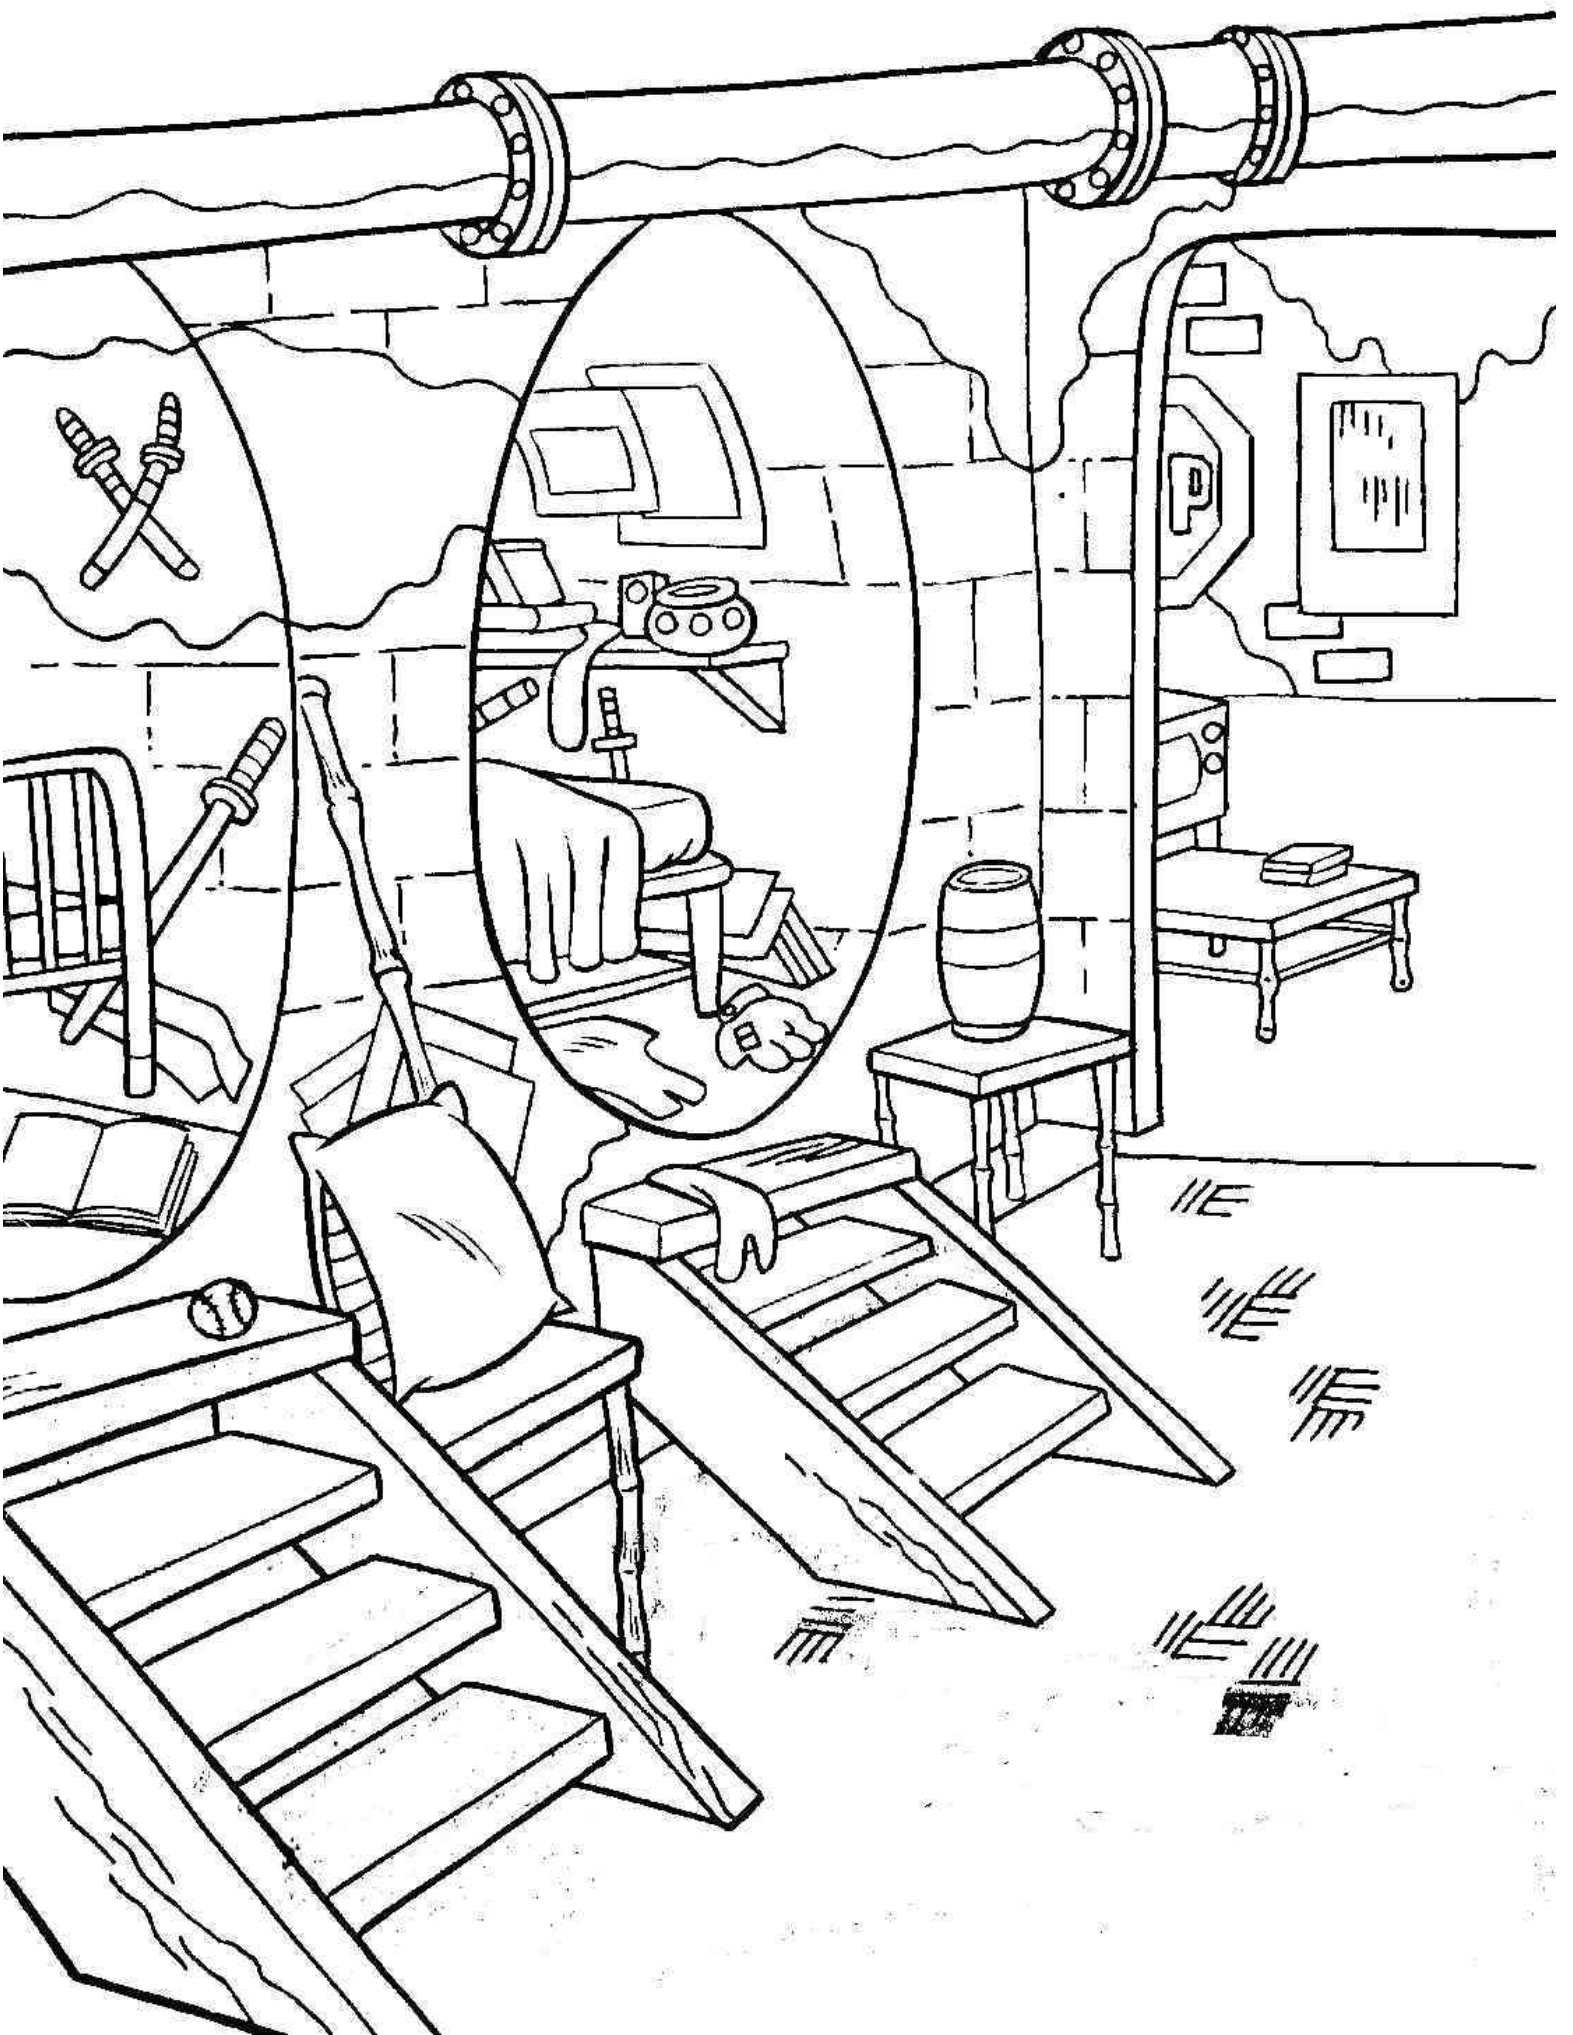
Splinter the rat is the Teenage Mutant Ninja Turtles' teacher and friend.

He shares a home in the sewer with the turtles.



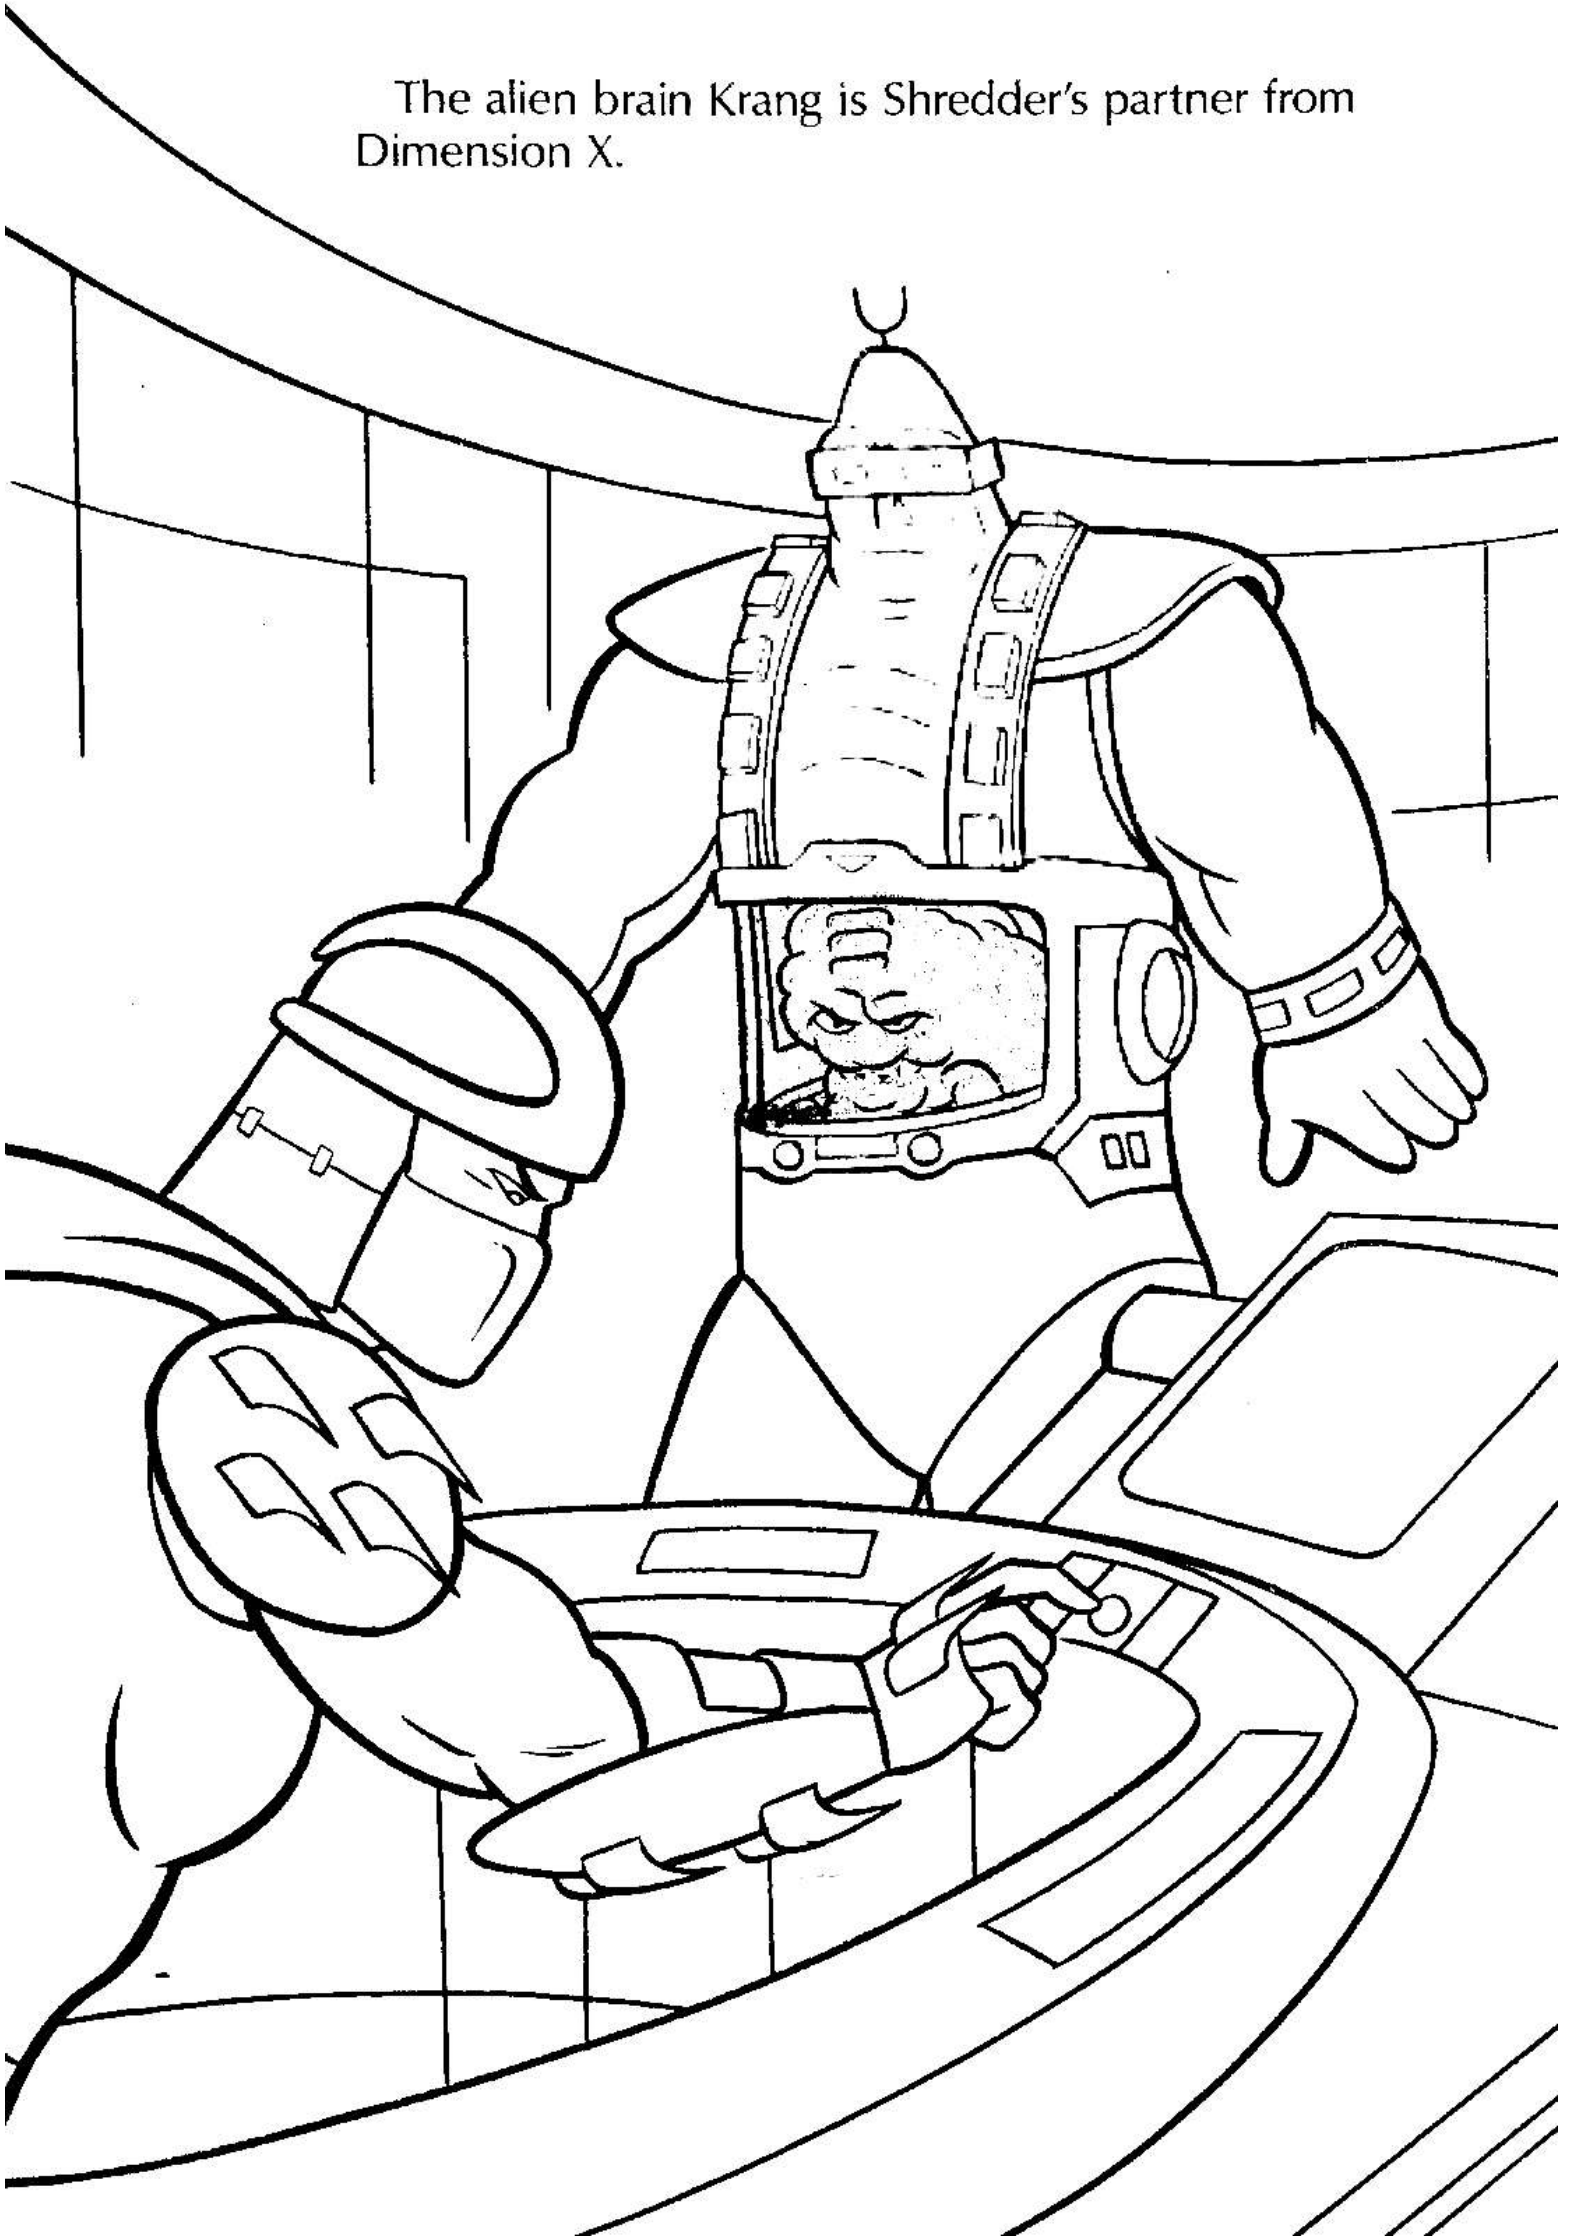
Leonardo is the turtles' unofficial leader.

Donatello likes inventing things.

Michaelangelo keeps his friends laughing.

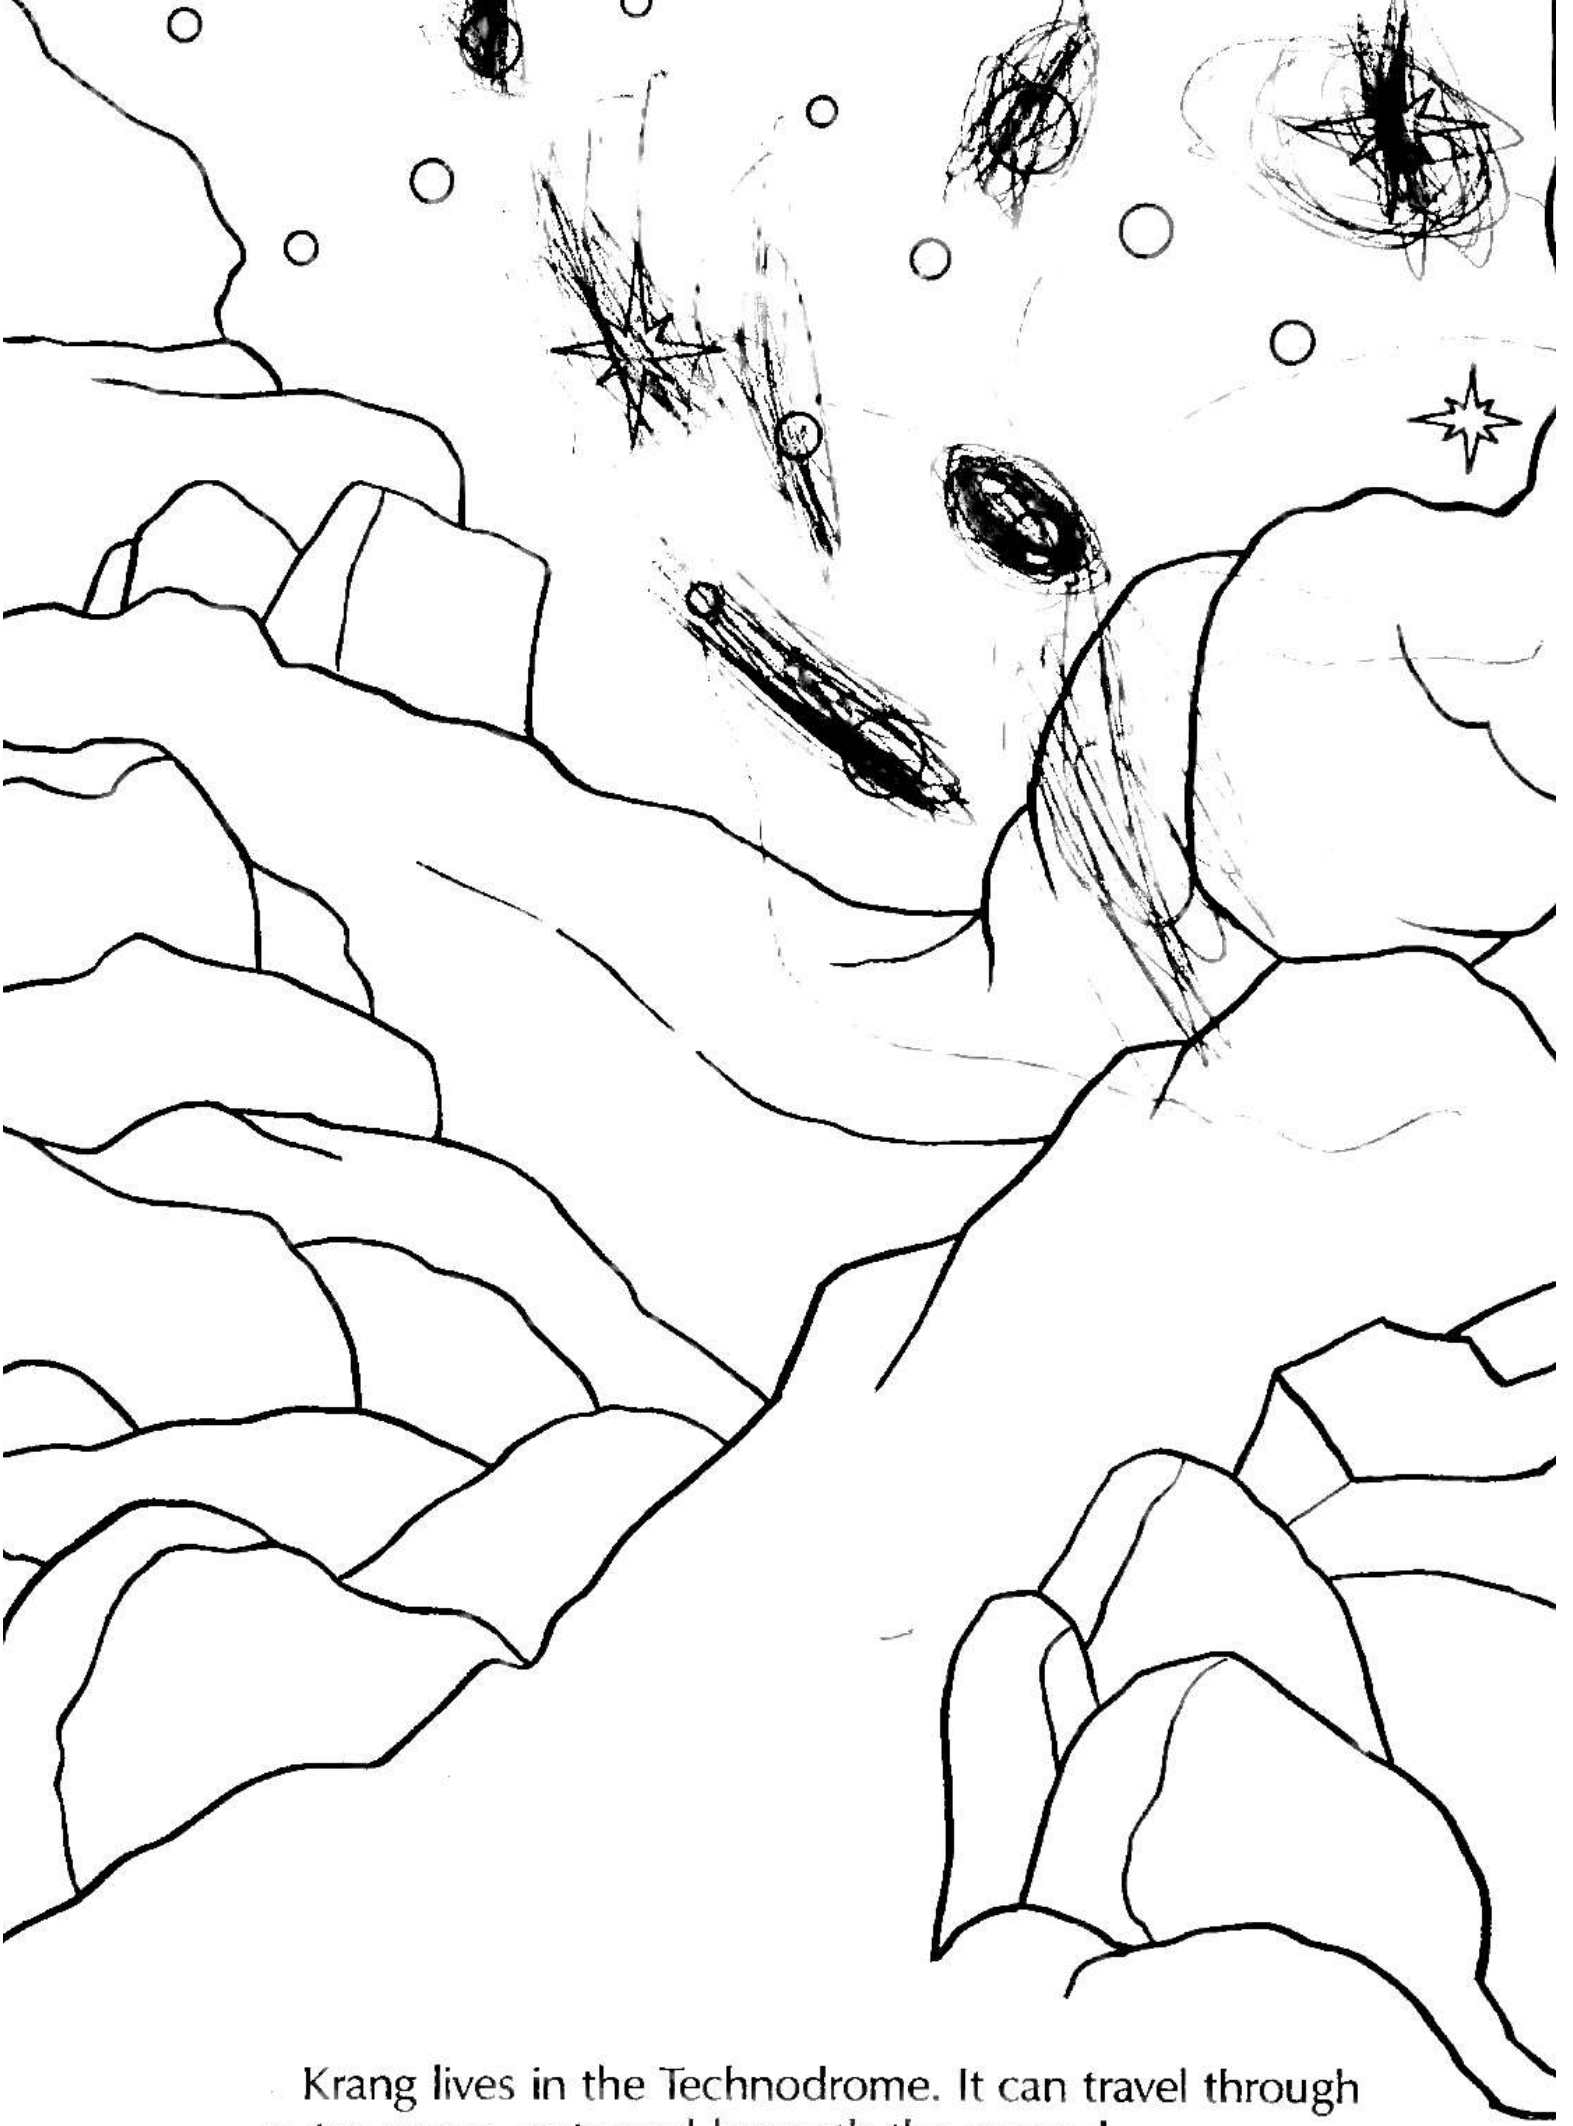
Raphael wants to keep the turtles focused on their goal...

The alien brain Krang is Shredder's partner from Dimension X.



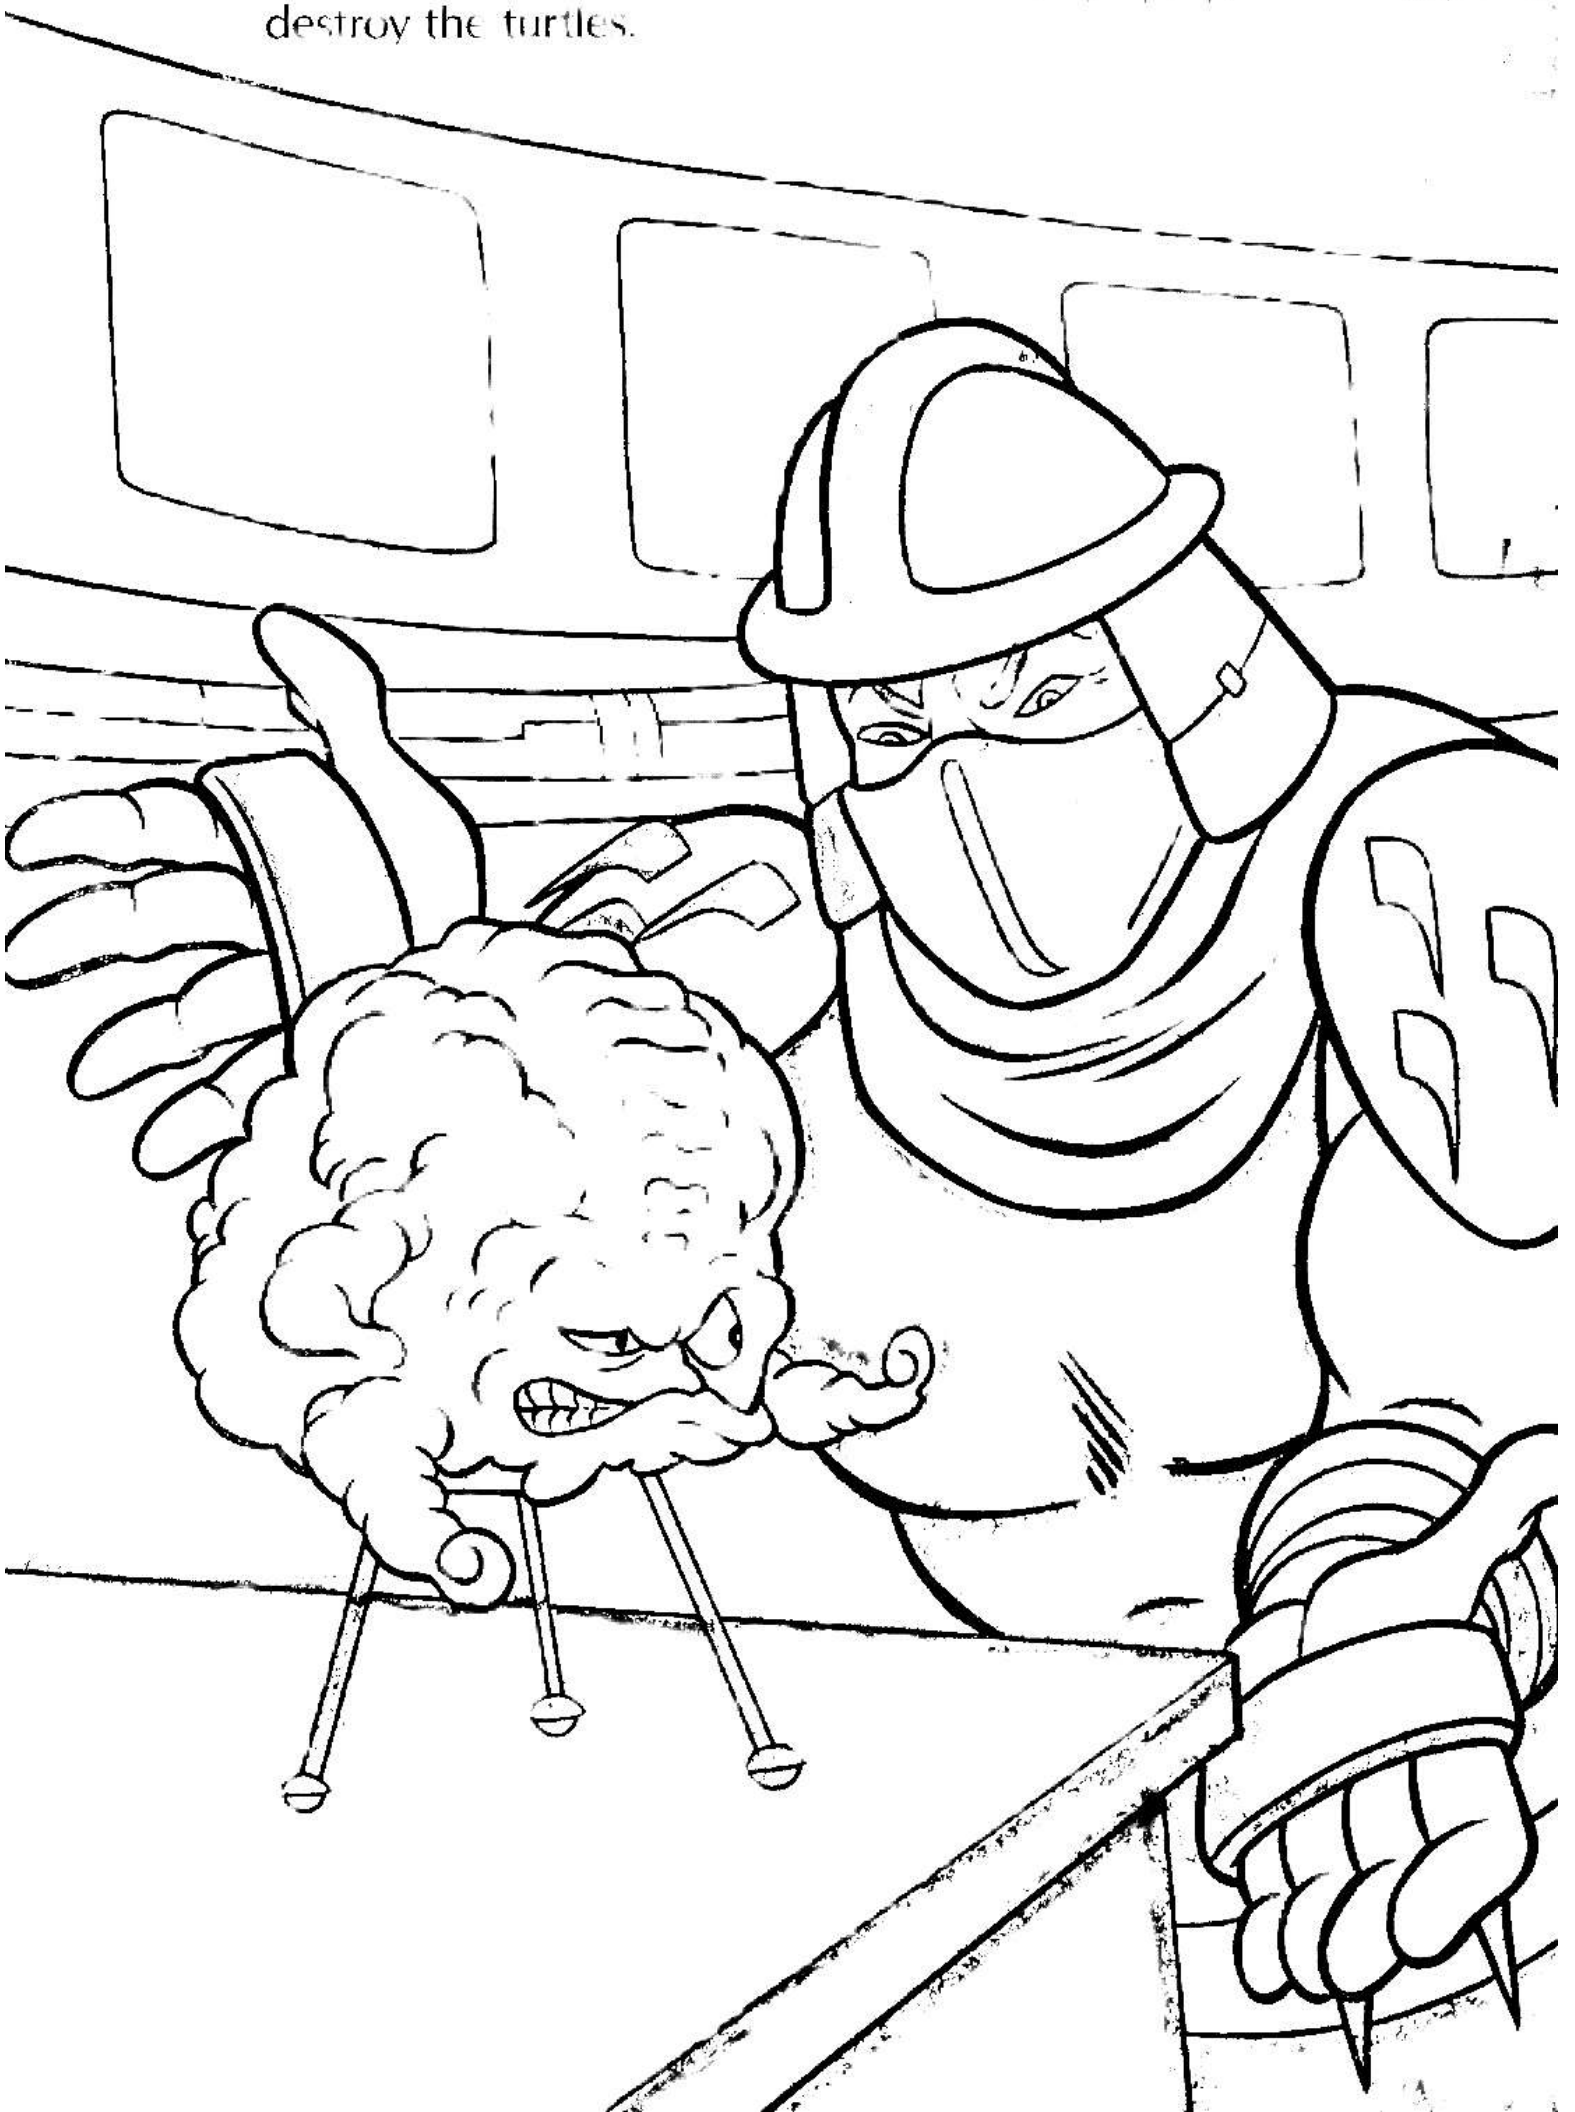
On Dimension X, Krang led an army of stone warriors.

But on Earth he has only Shredder's mutant assistants Bebop and Rocksteady to help him.

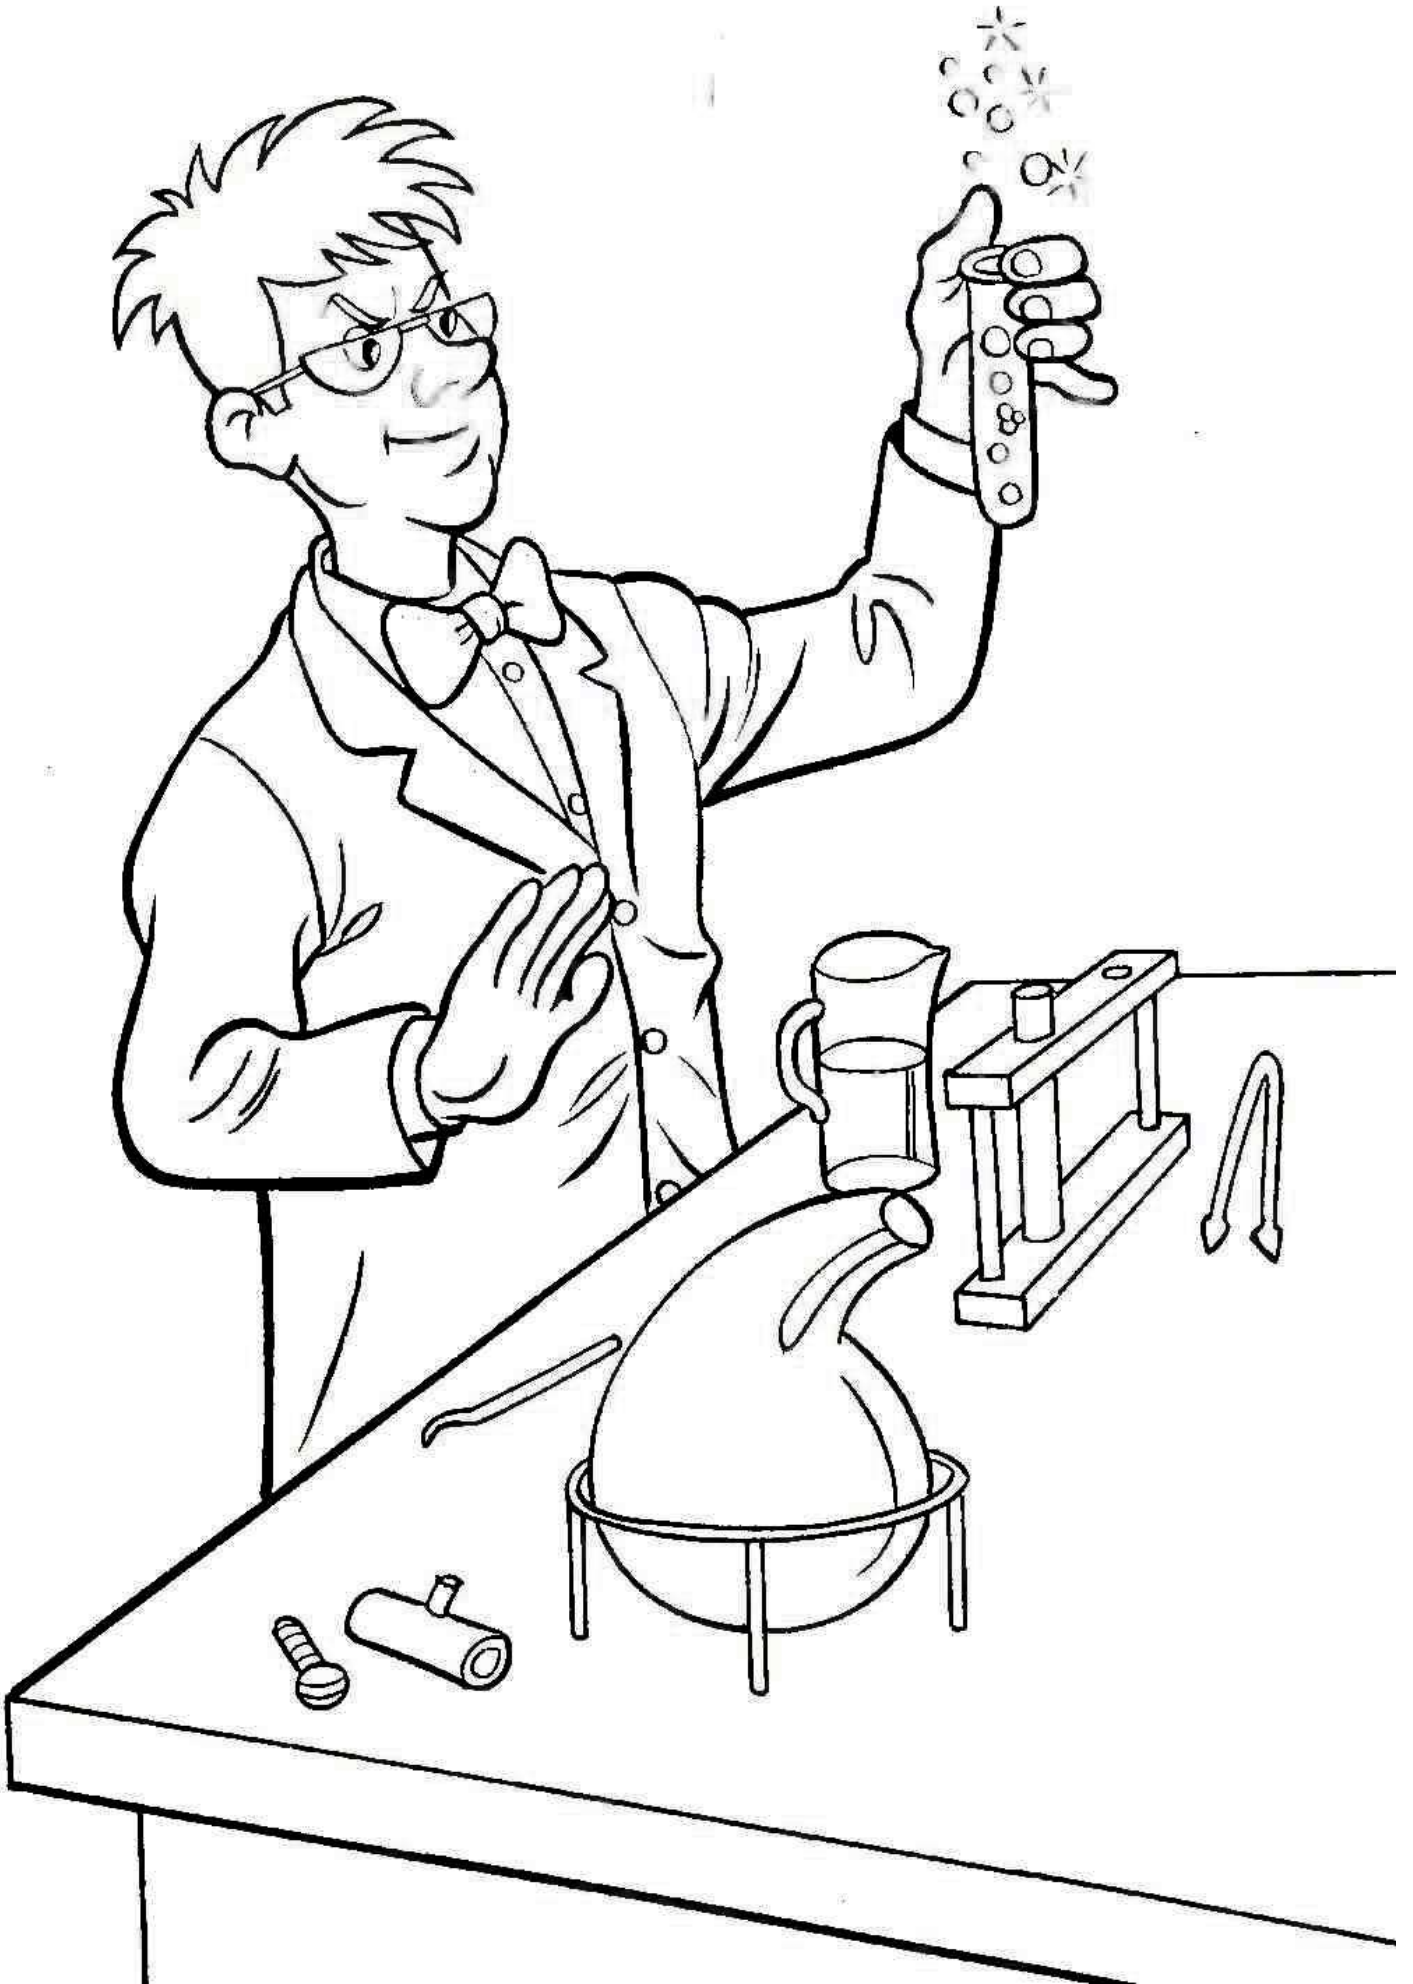


Krang lives in the Technodrome. It can travel through outer space, or tunnel beneath the ground.

Inside the Technodrome Krang and Shredder plot to destroy the turtles.

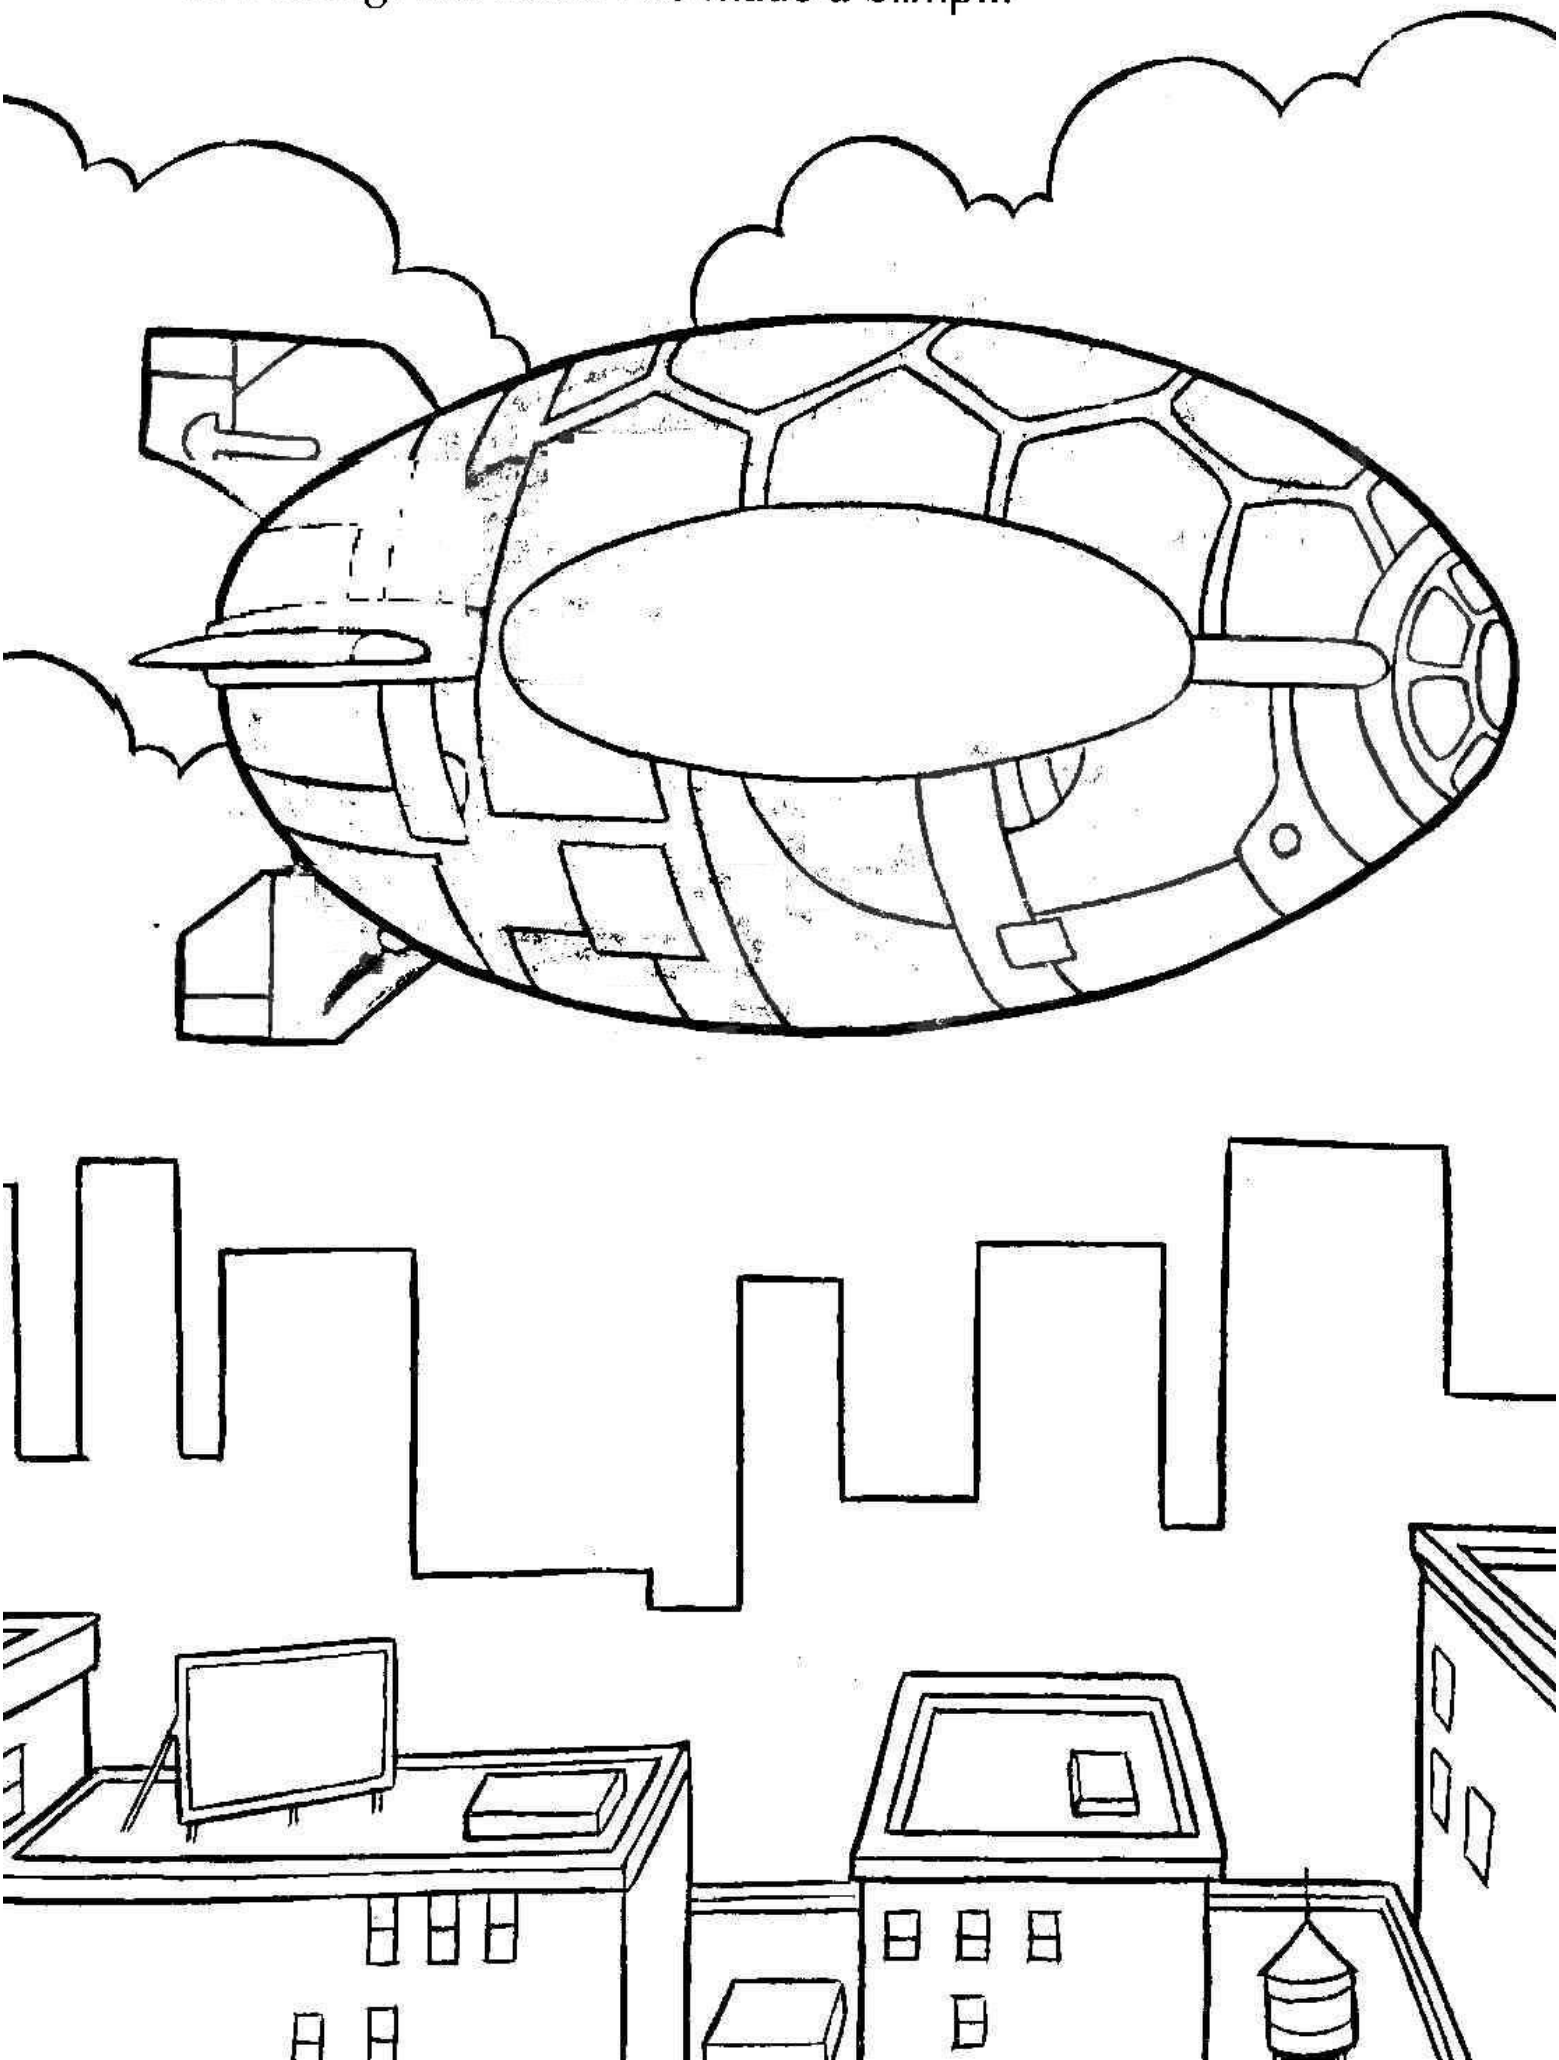


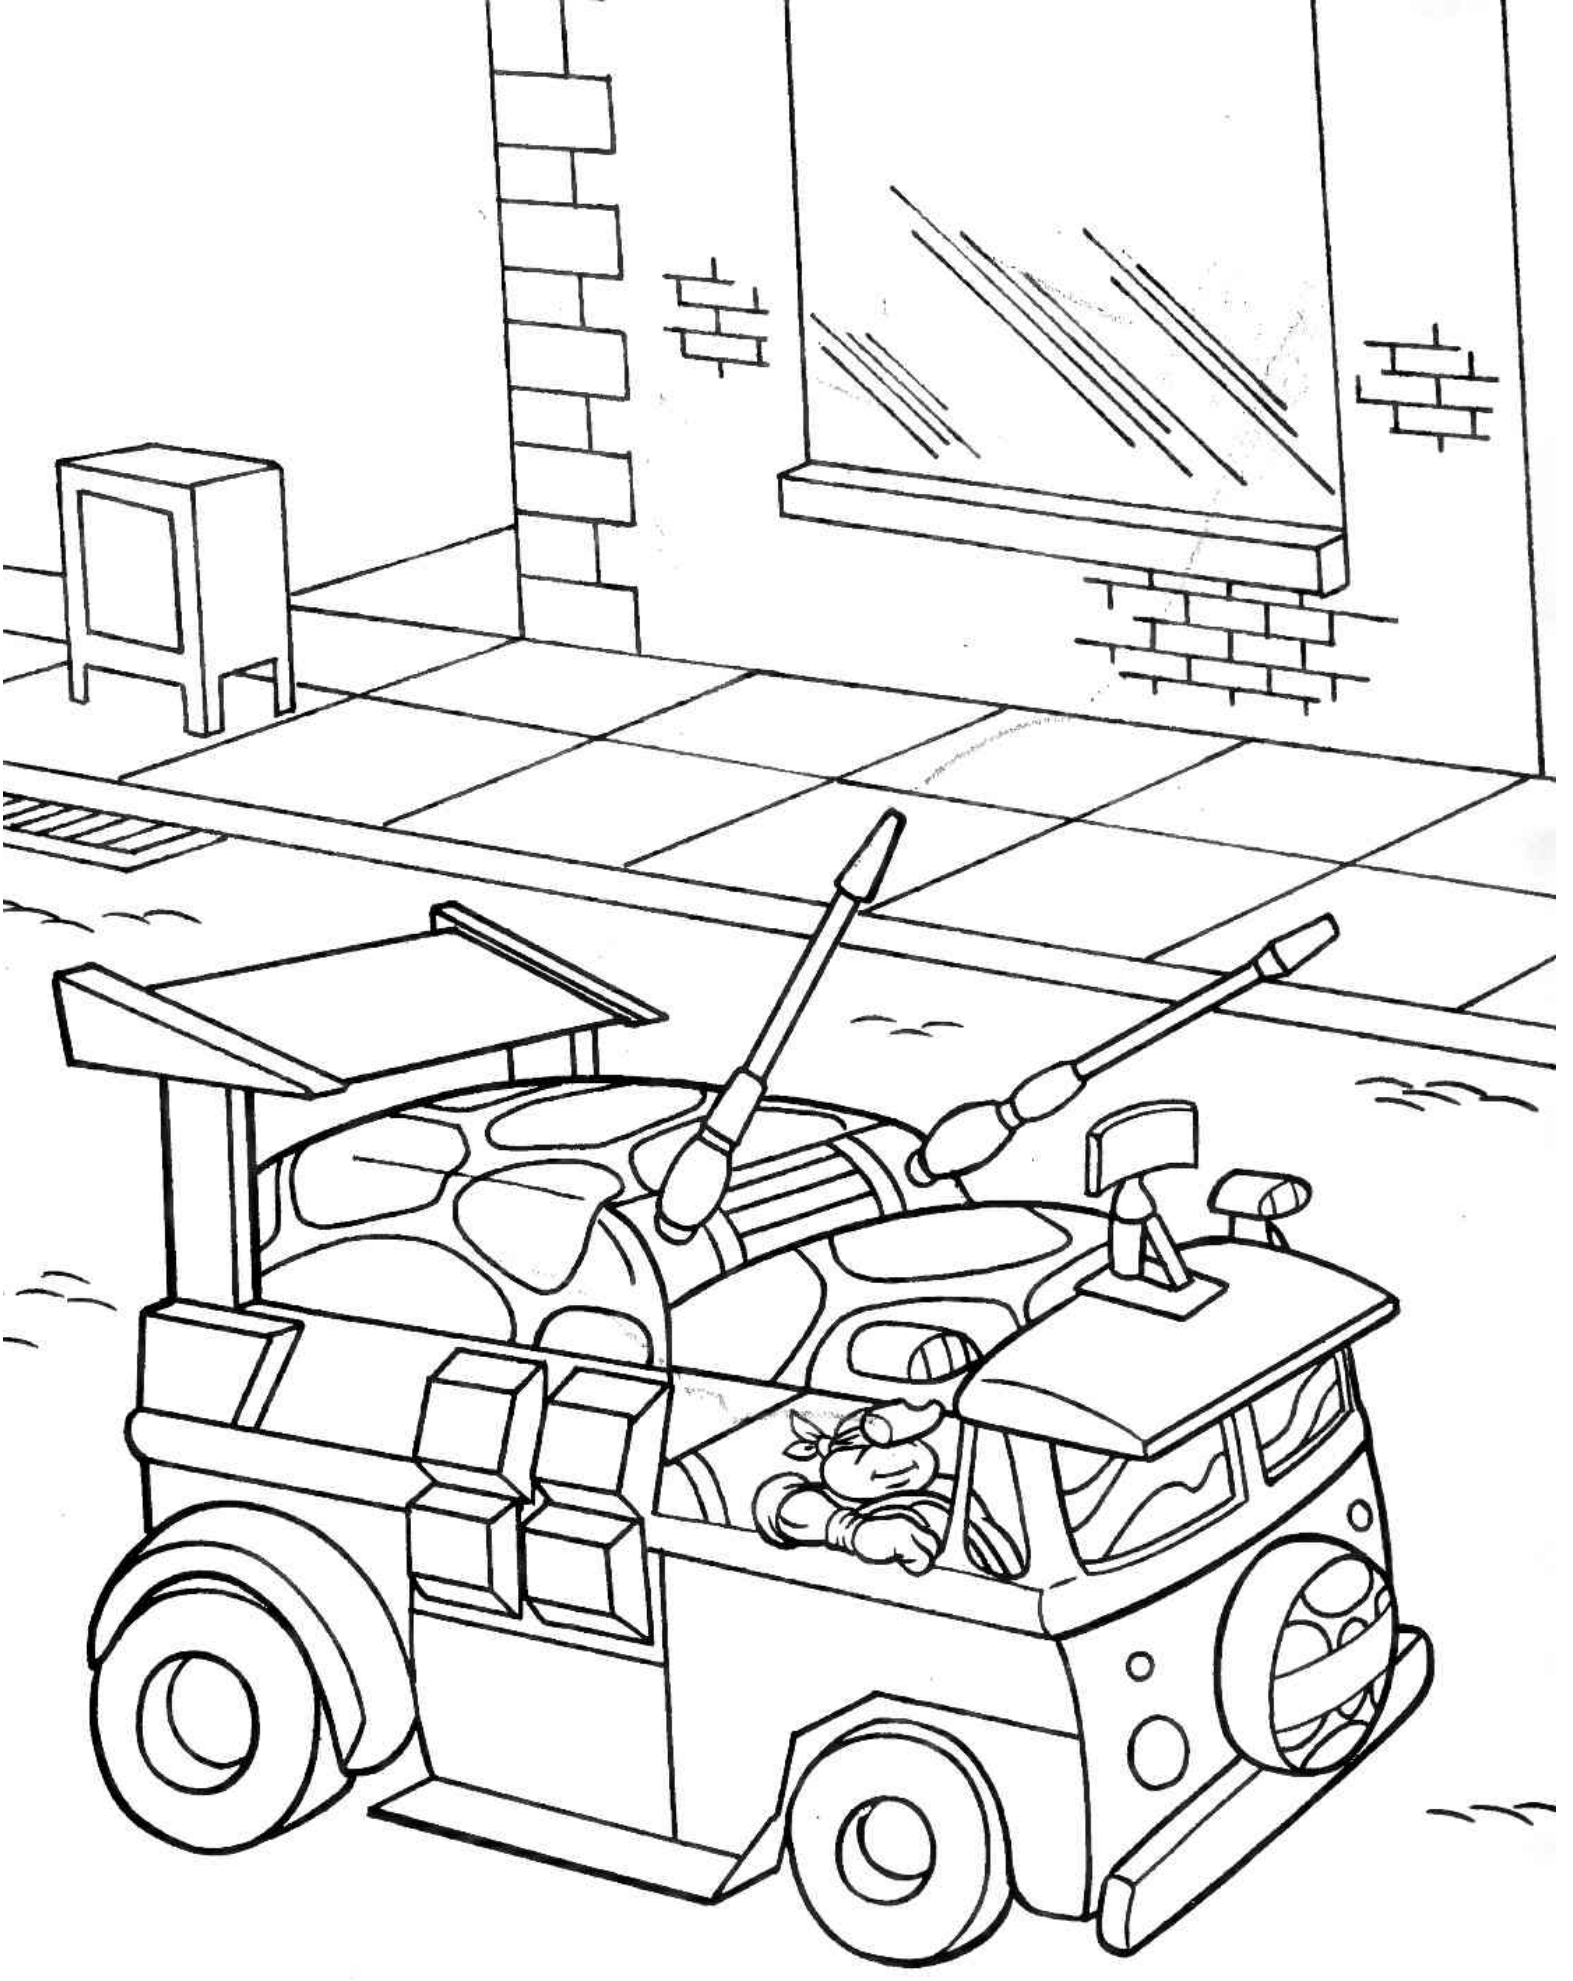
The mad scientist Baxter Stockman makes weapons and robots to help Shredder.



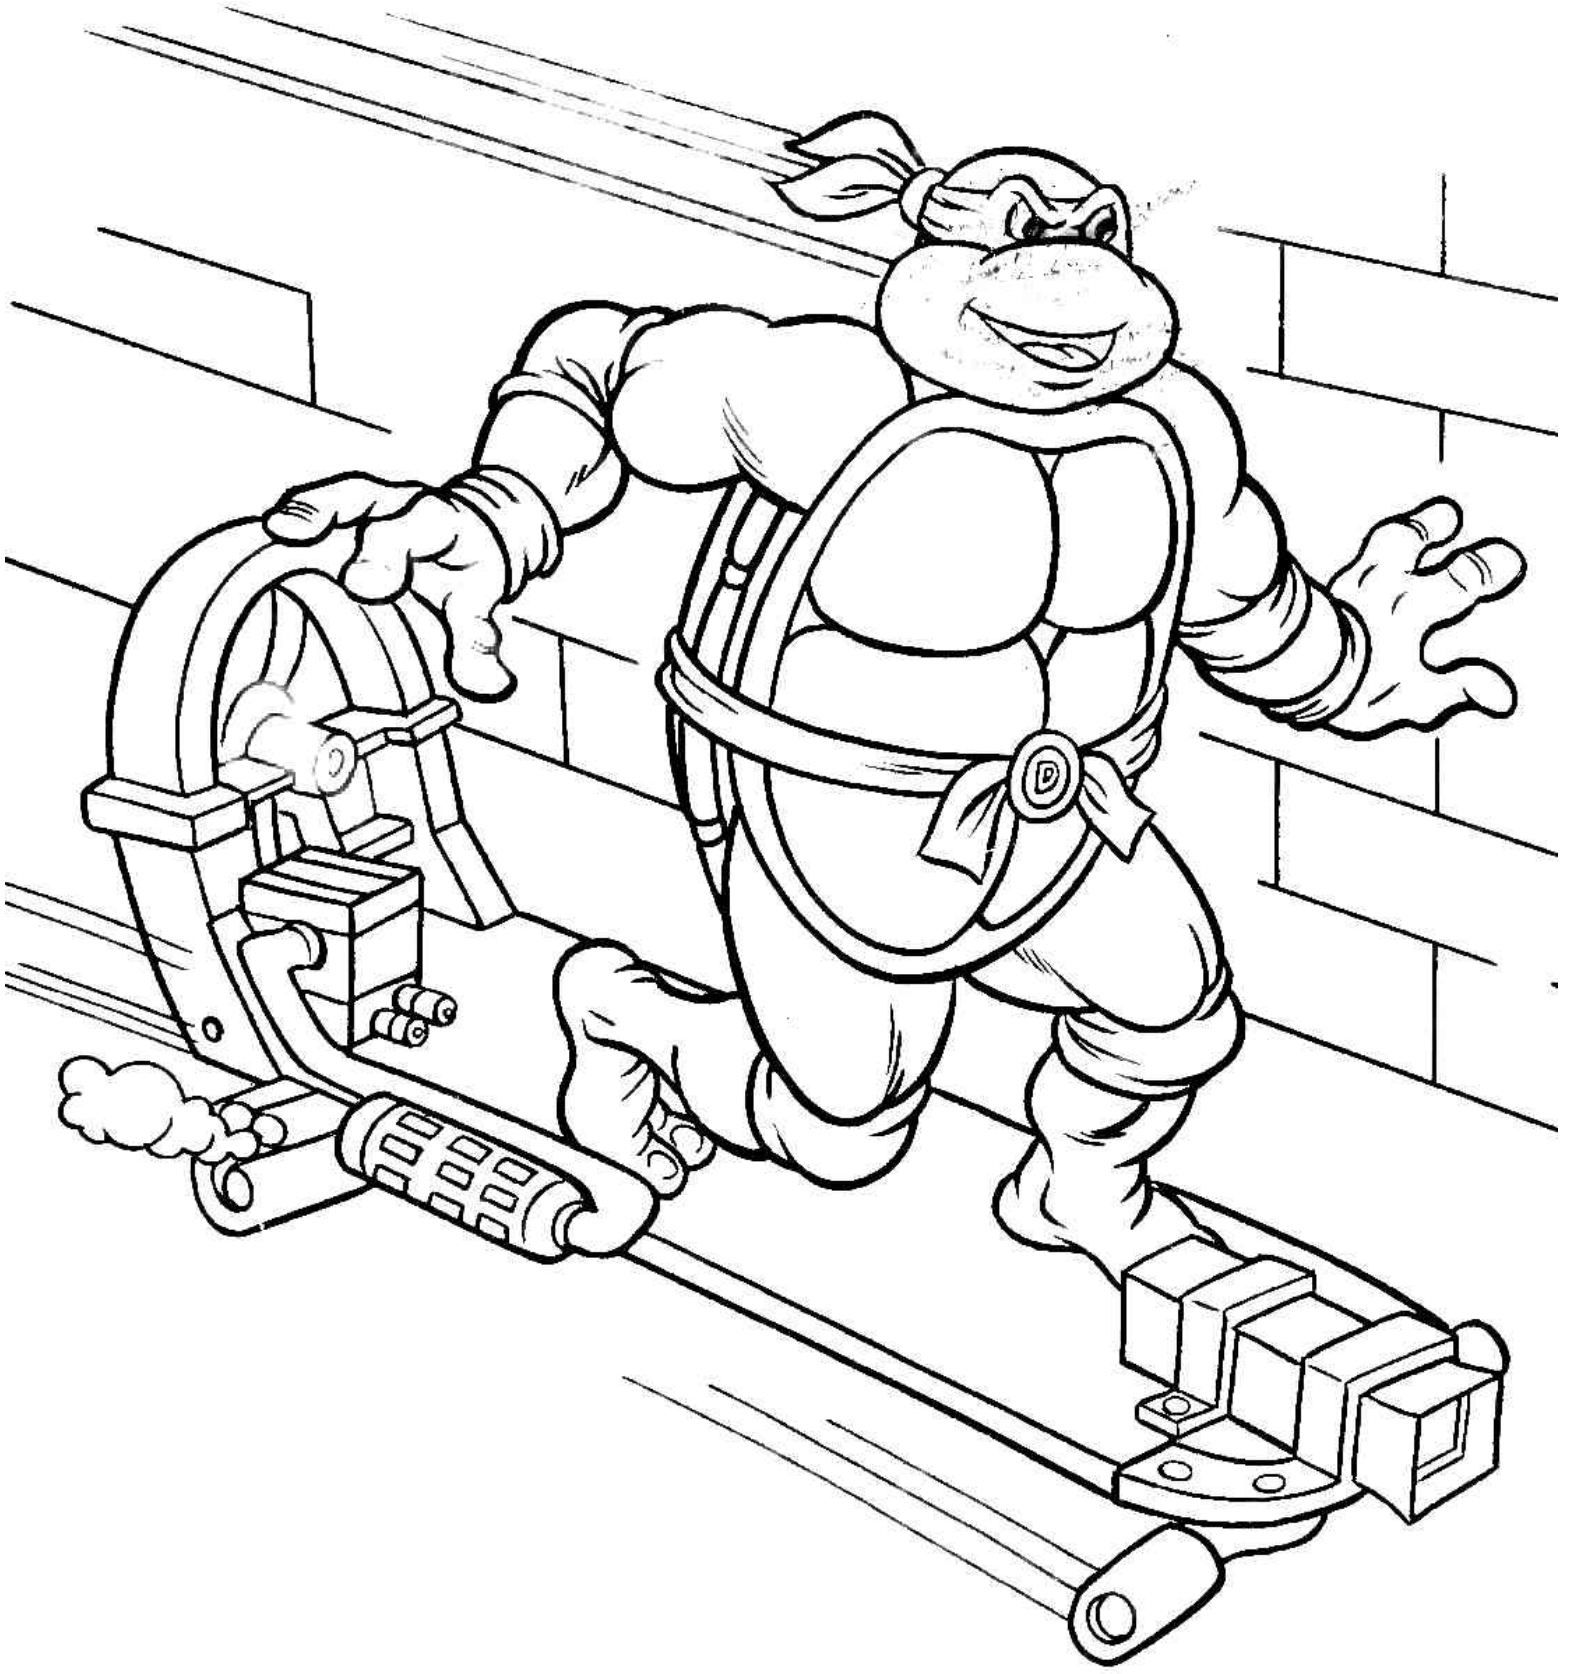
These are rat-tracking mousers that seek out Splinter.

The turtles have to move fast to stay ahead of Shredder and Krang. Donatello has made a blimp...

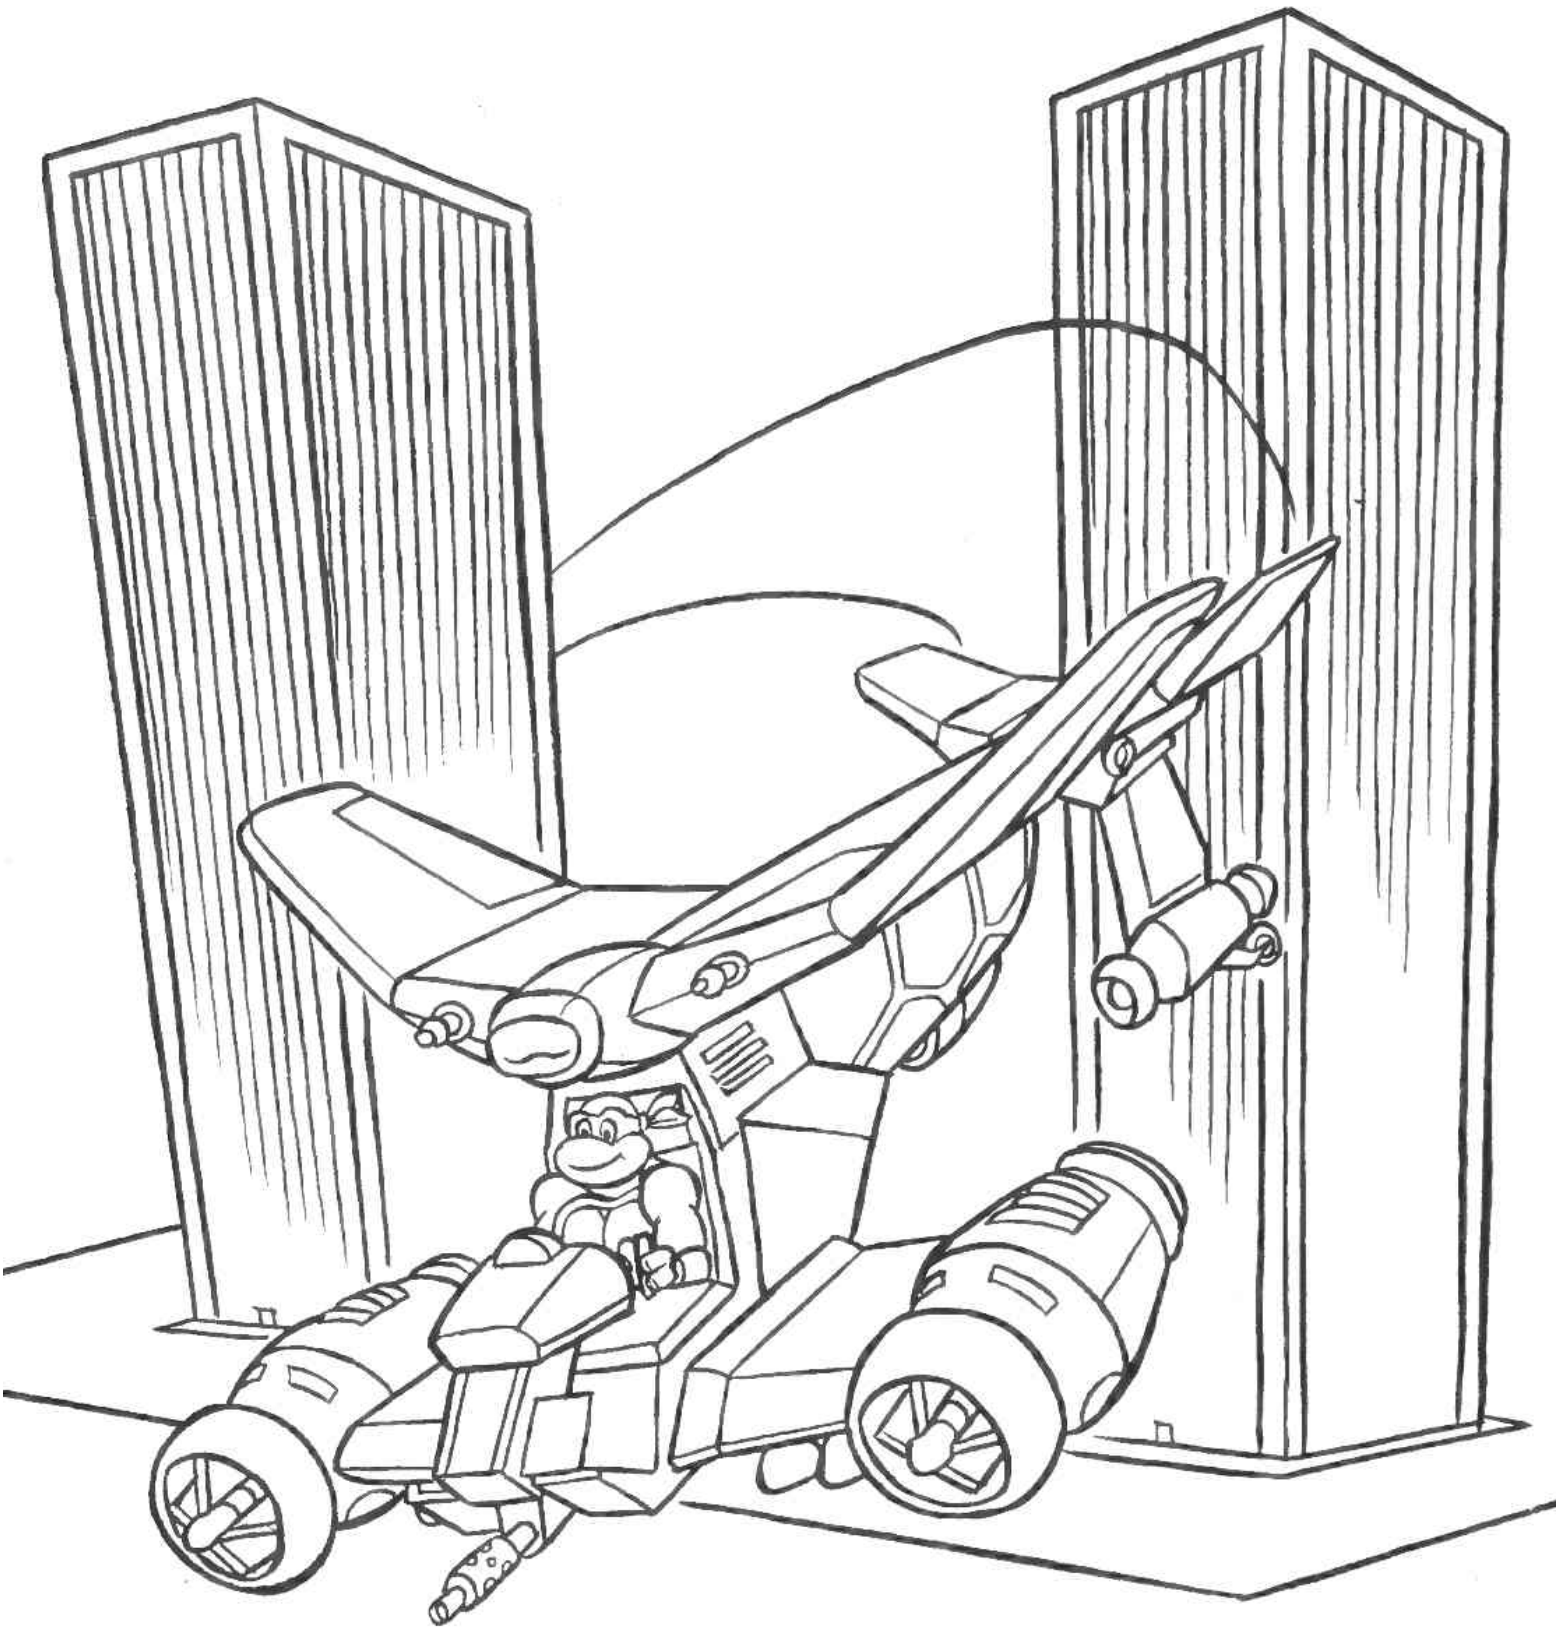




...and a van to travel in.



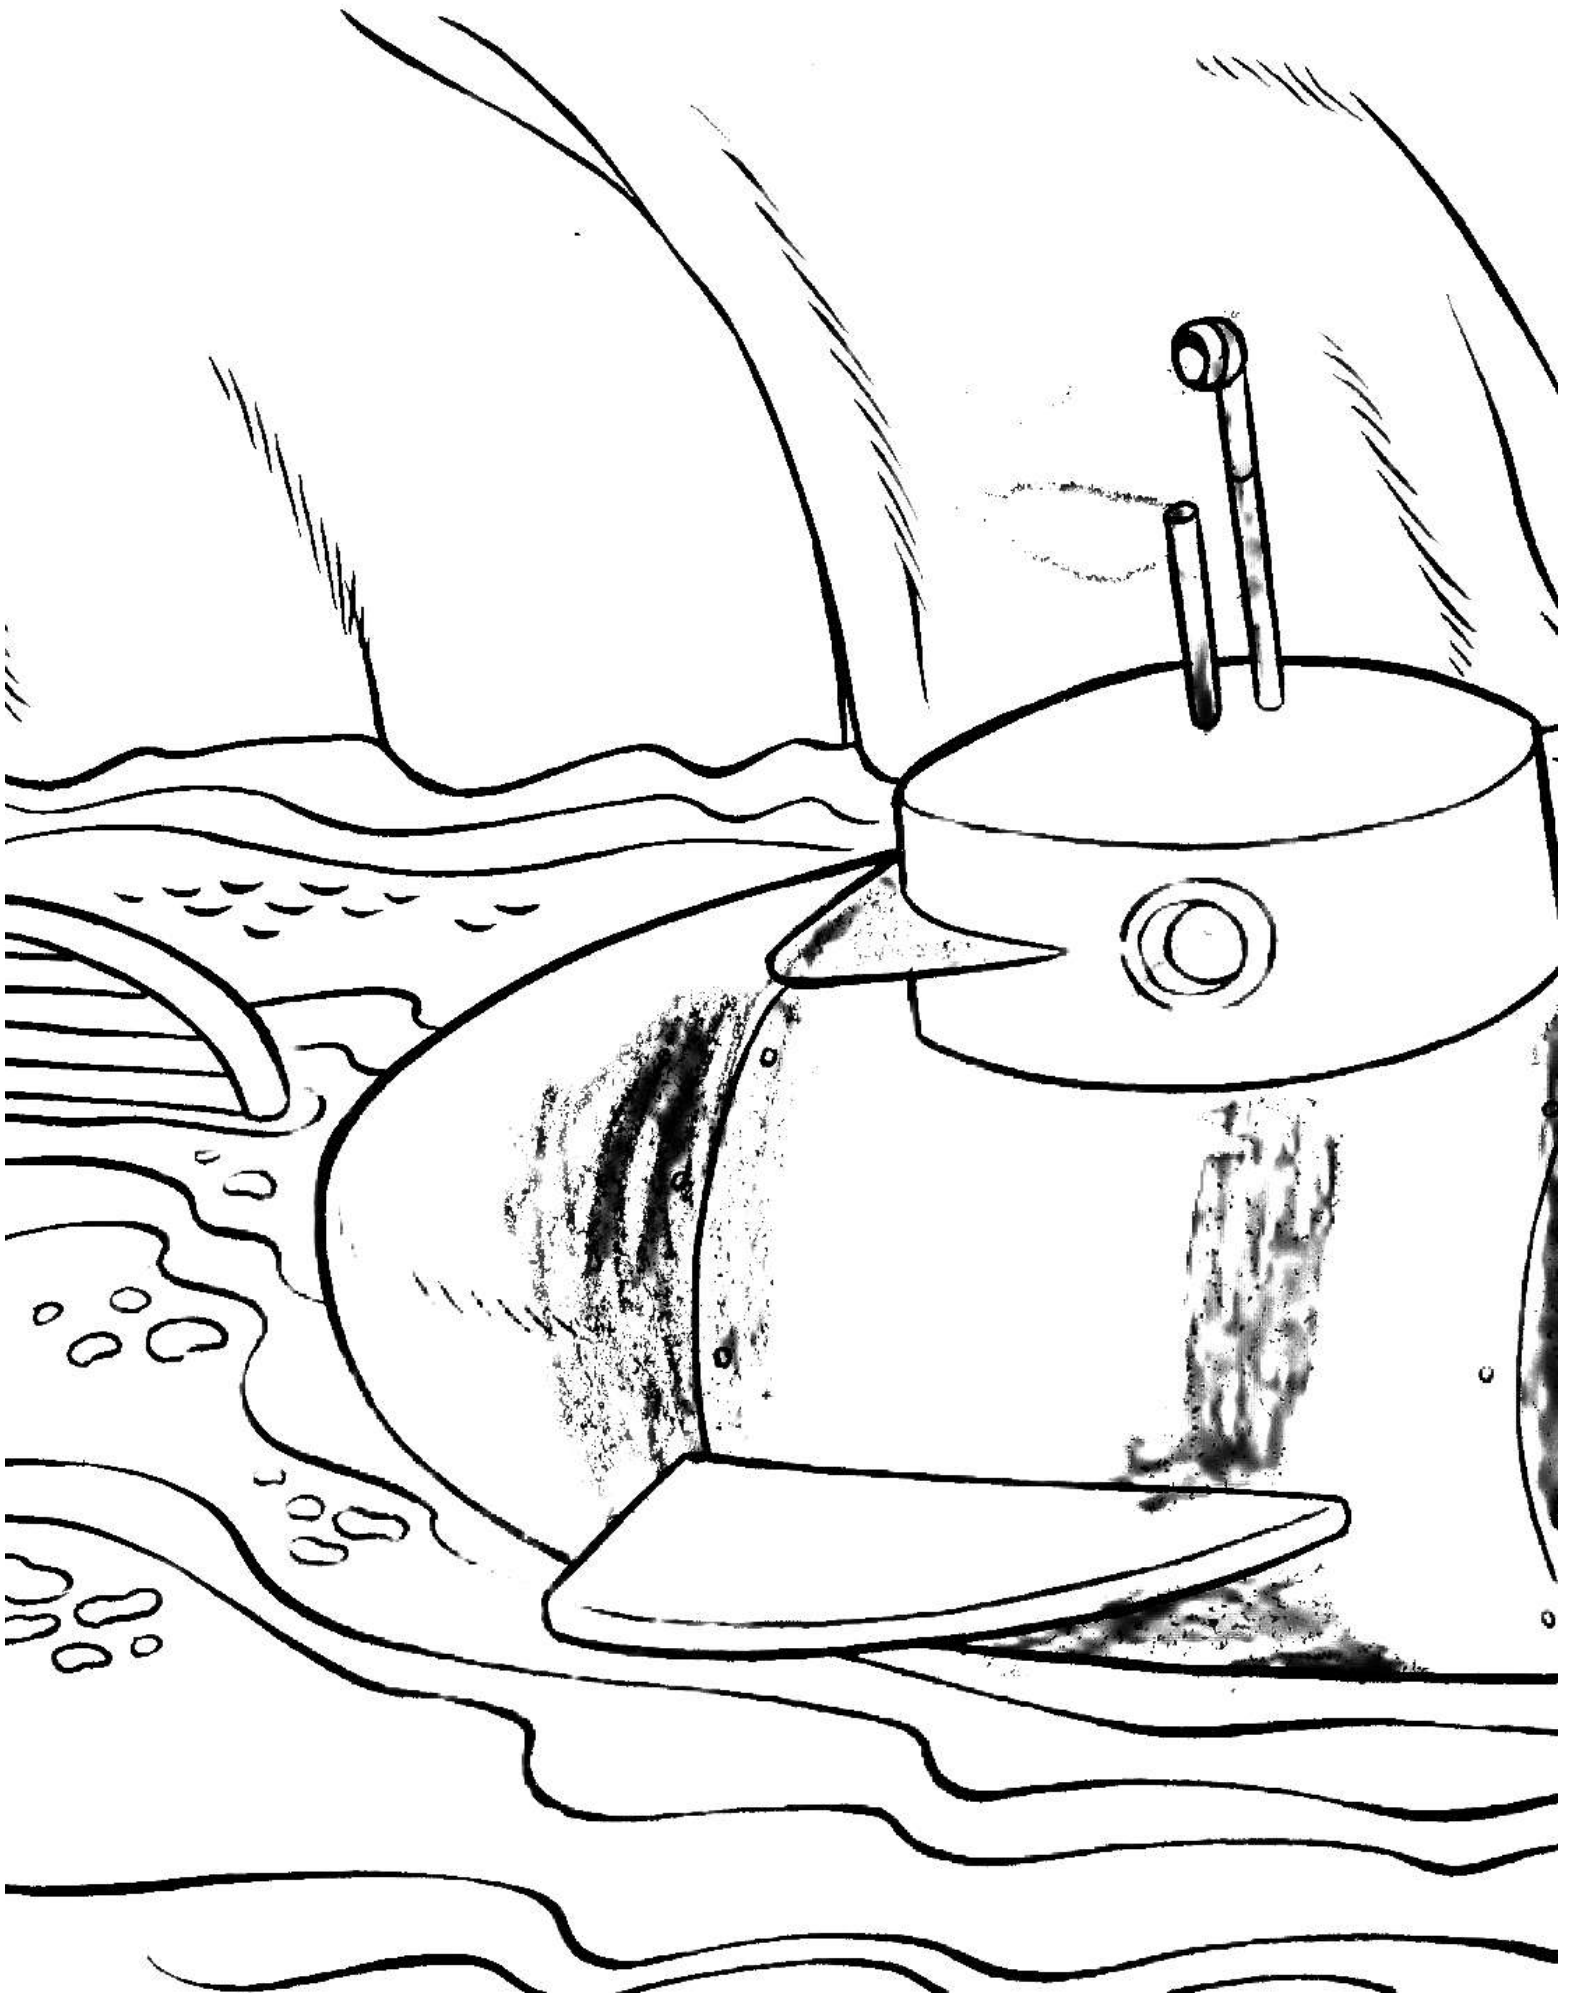
Each turtle also has a cheapskate, a handy motorized skateboard.

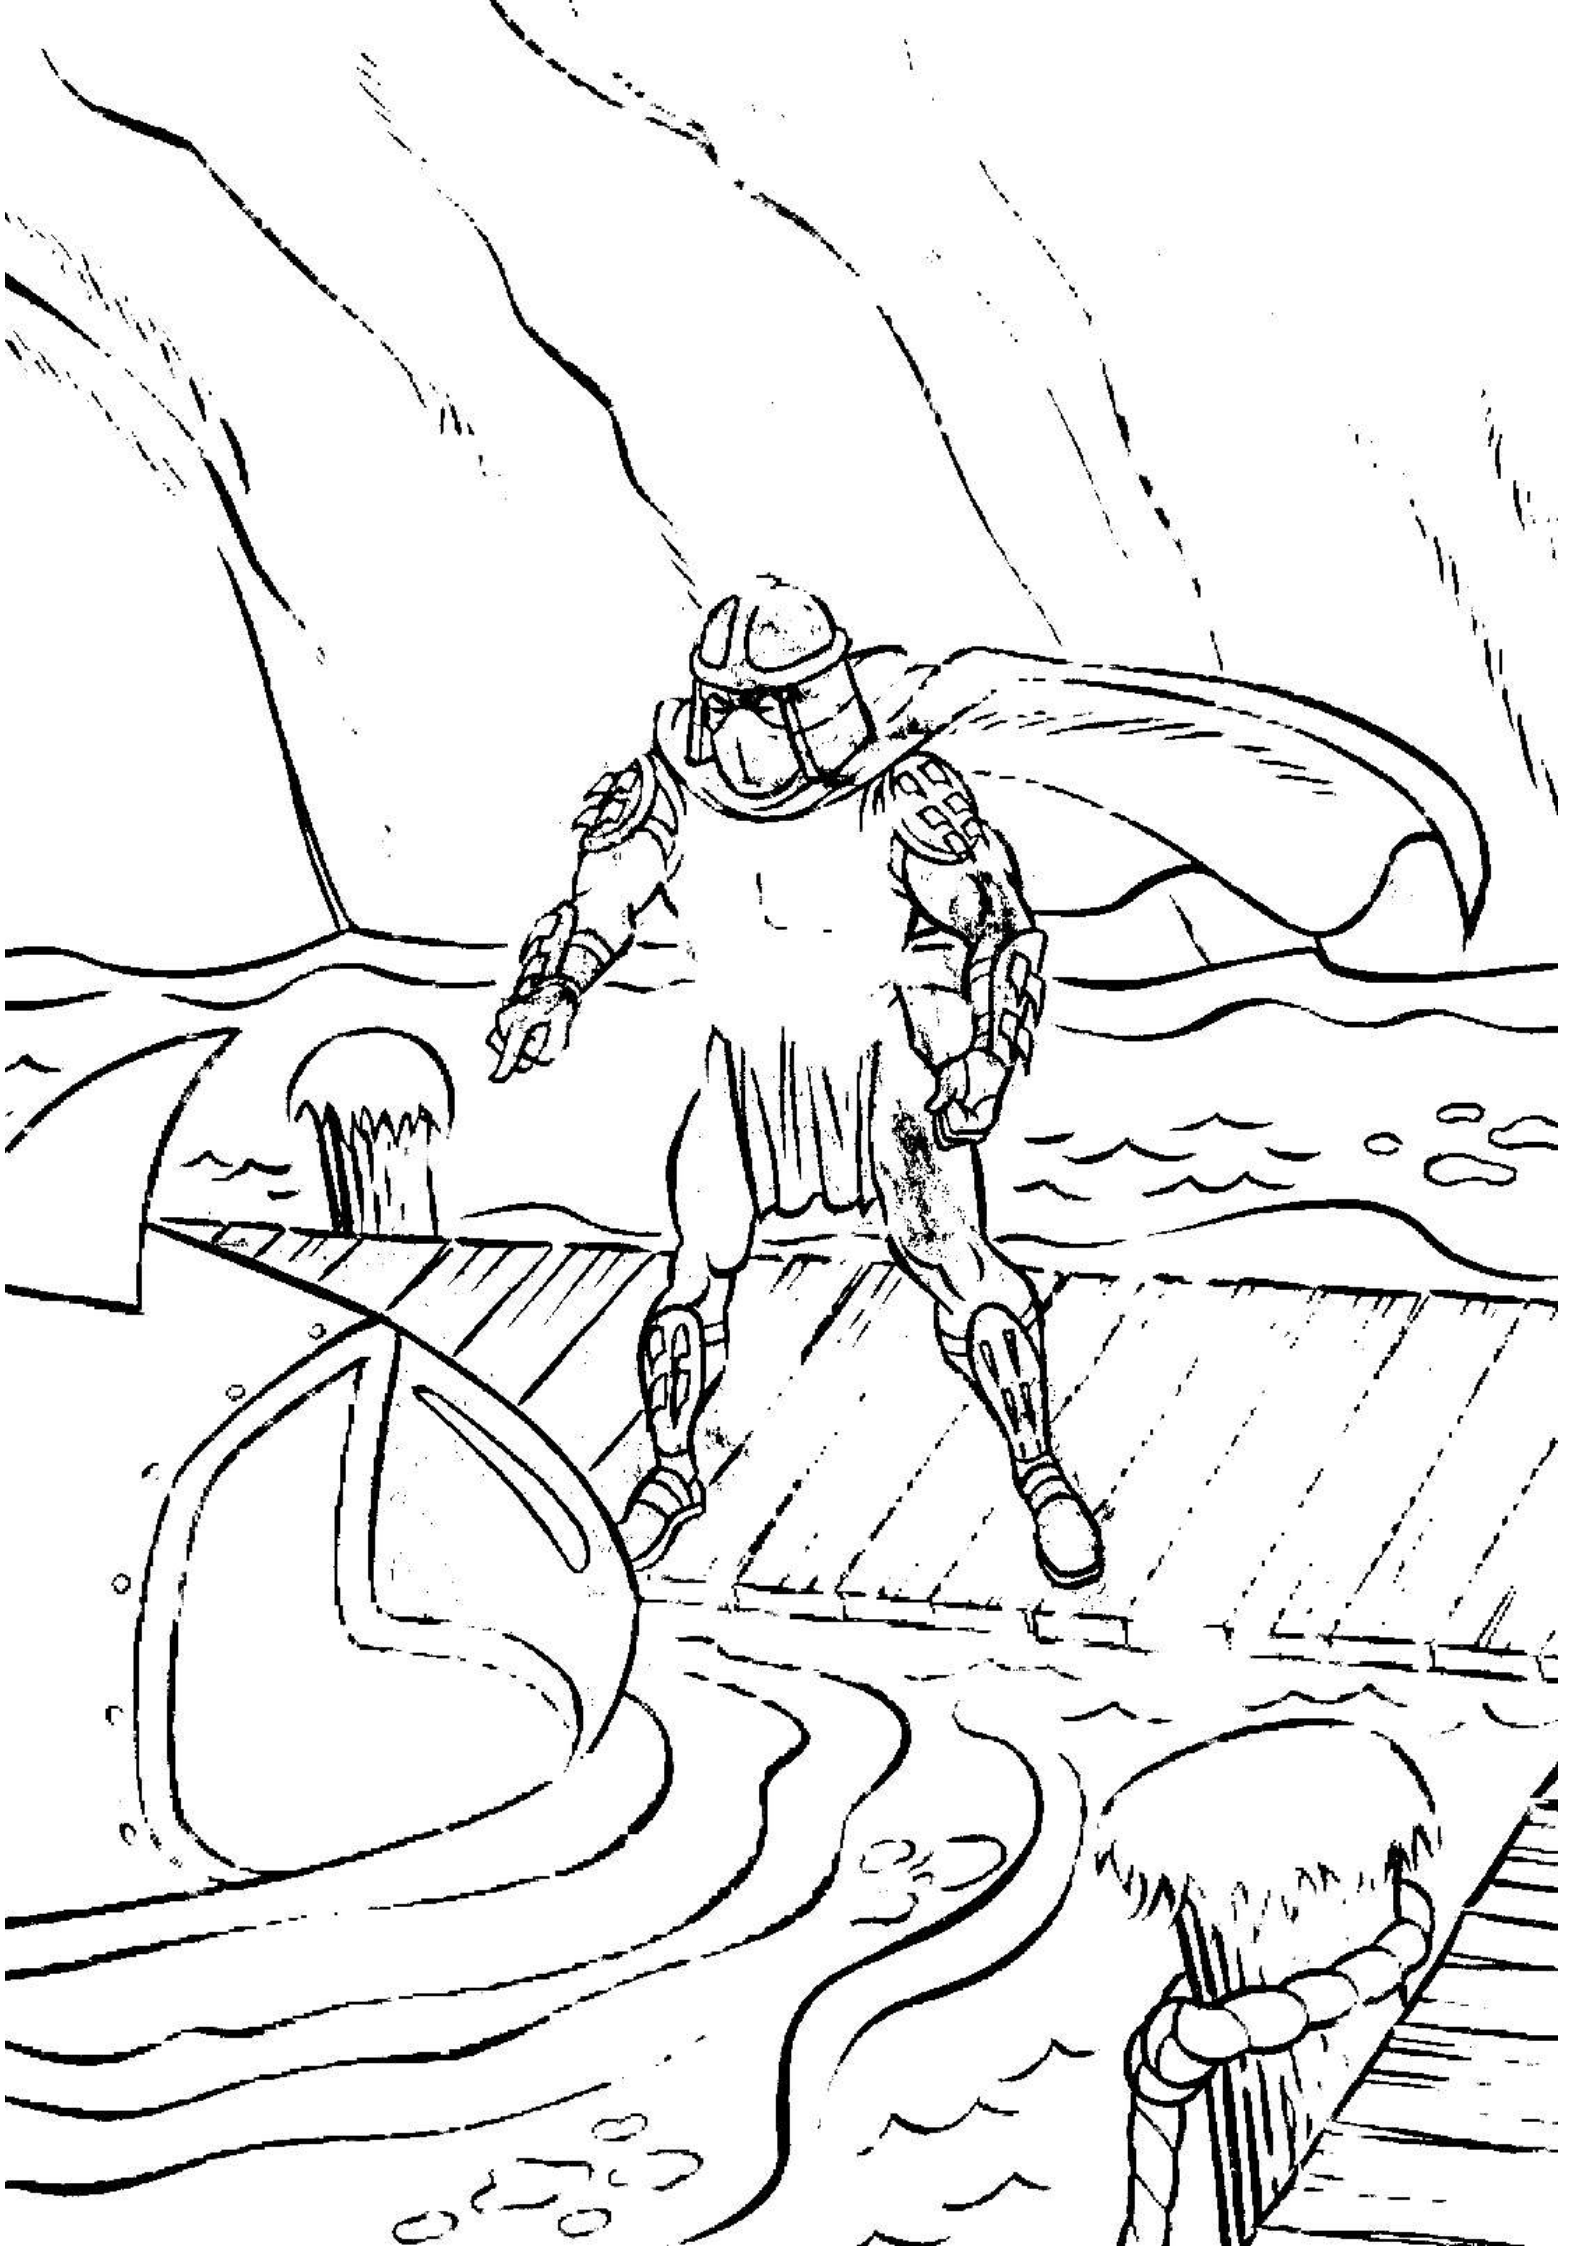


The turtle glider comes in handy when flying through tight spaces.

When the turtles have to walk in the city, they dress in disguise.

Sometimes Shredder travels by submarine. He keeps one at his underground dock.



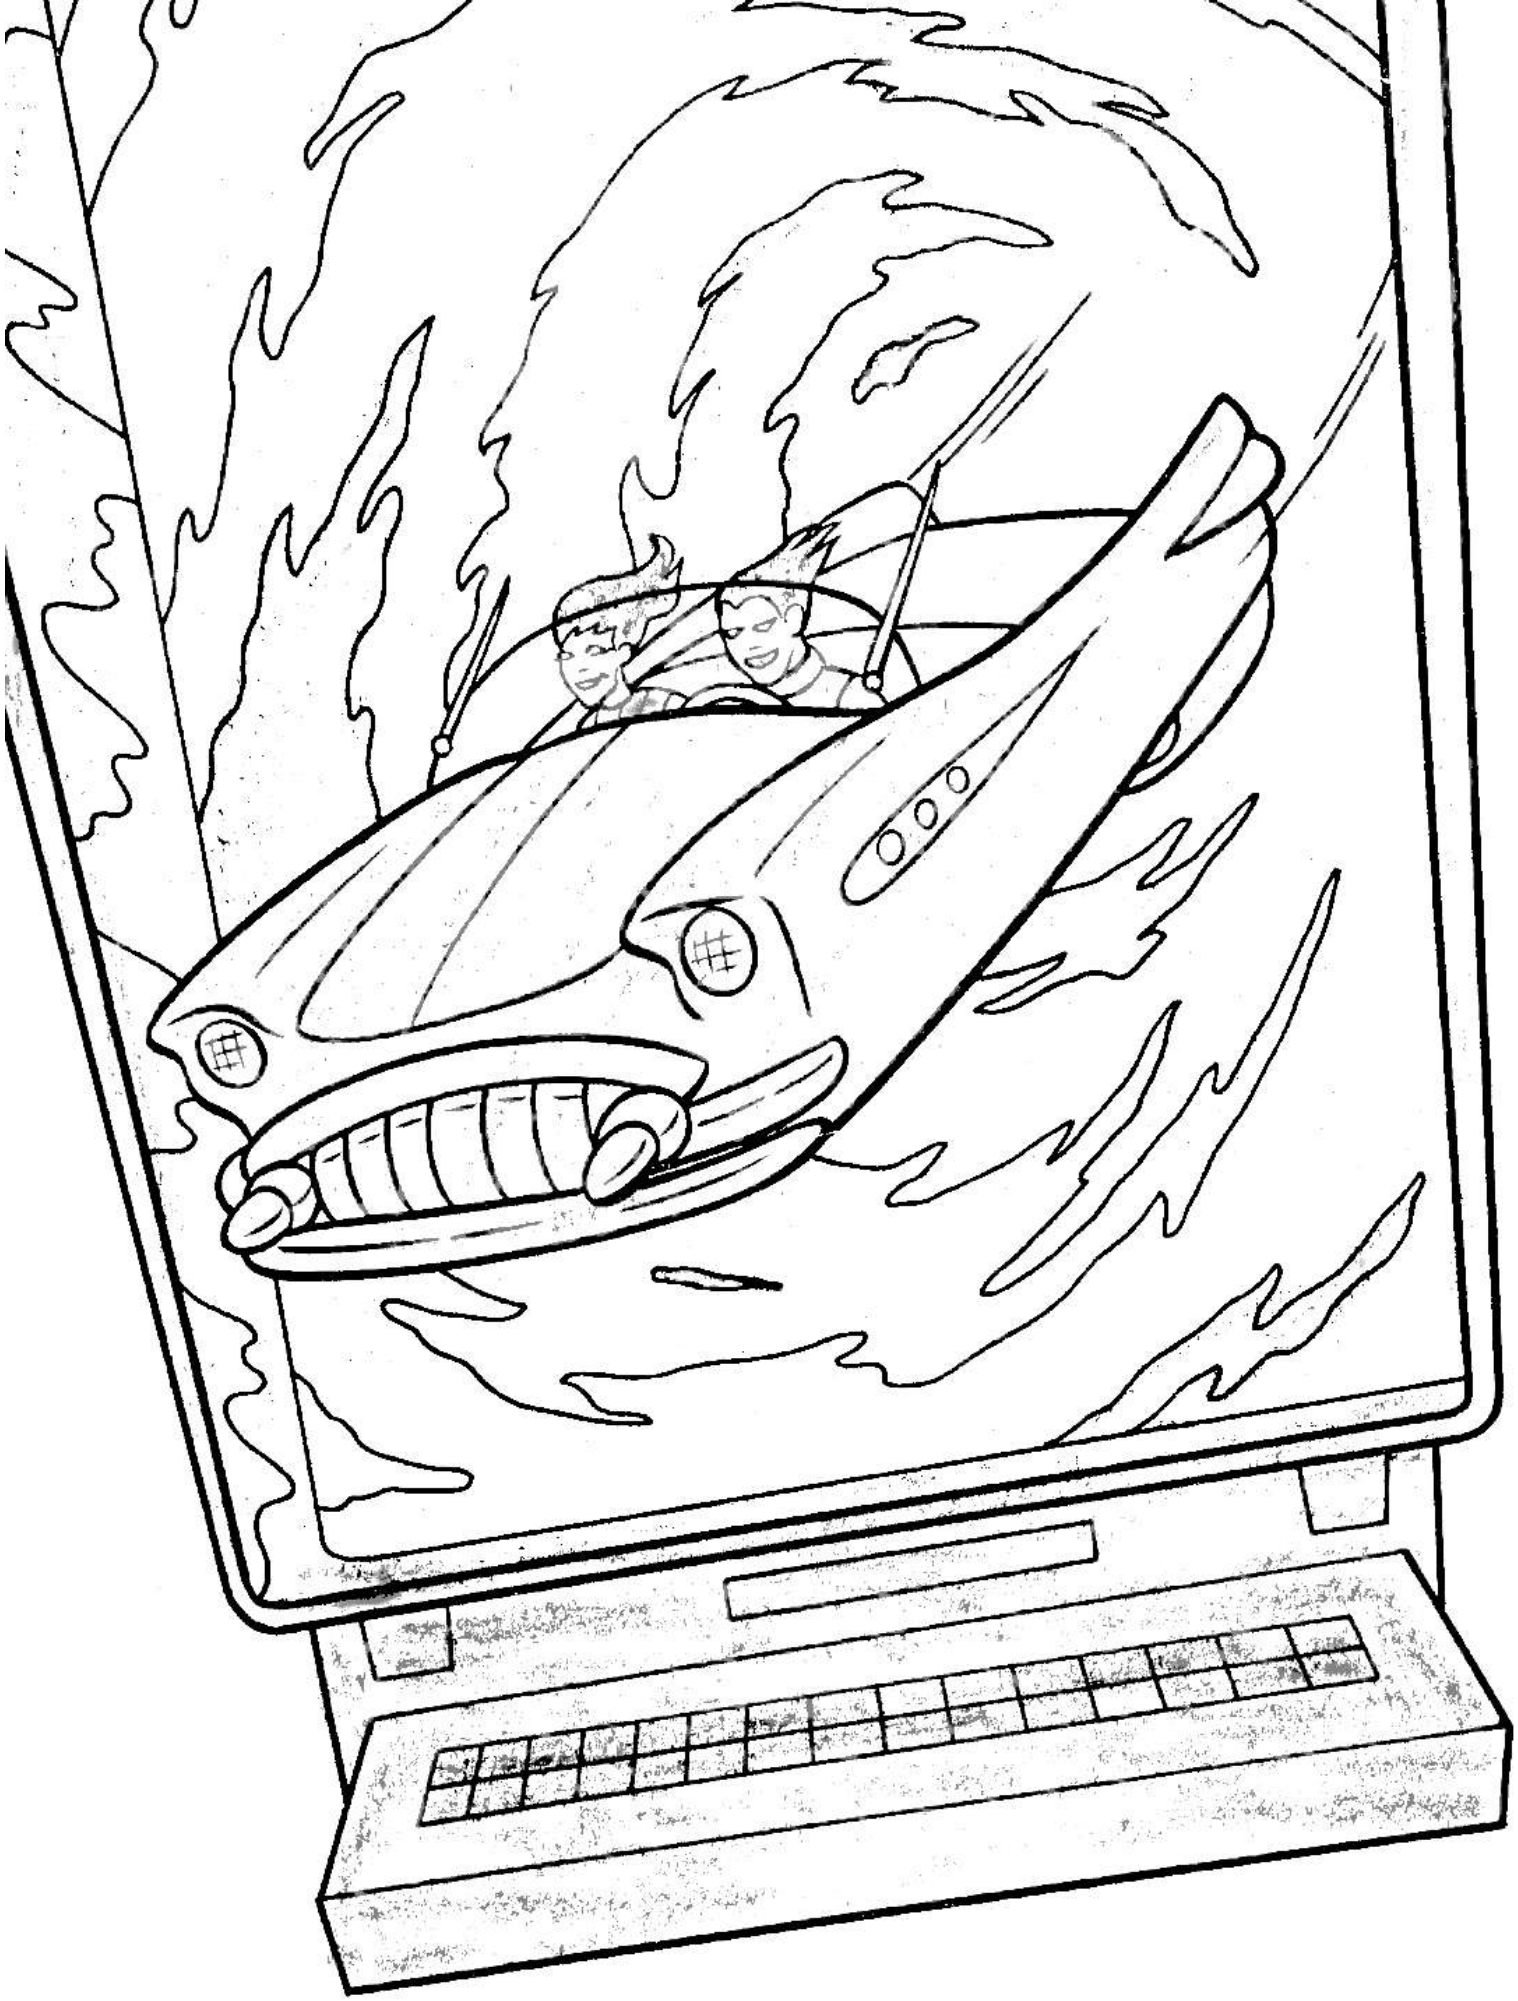


The turtles' friend ace reporter April O'Neil helps them keep track of Shredder.

She uses a turtle communicator to talk with them.

Meet the Crooked Ninja Turtle Gang—fake ninja turtles who committed crimes!

Casey Jones is another friend of the turtles. He uses sports equipment instead of weapons to fight crime.

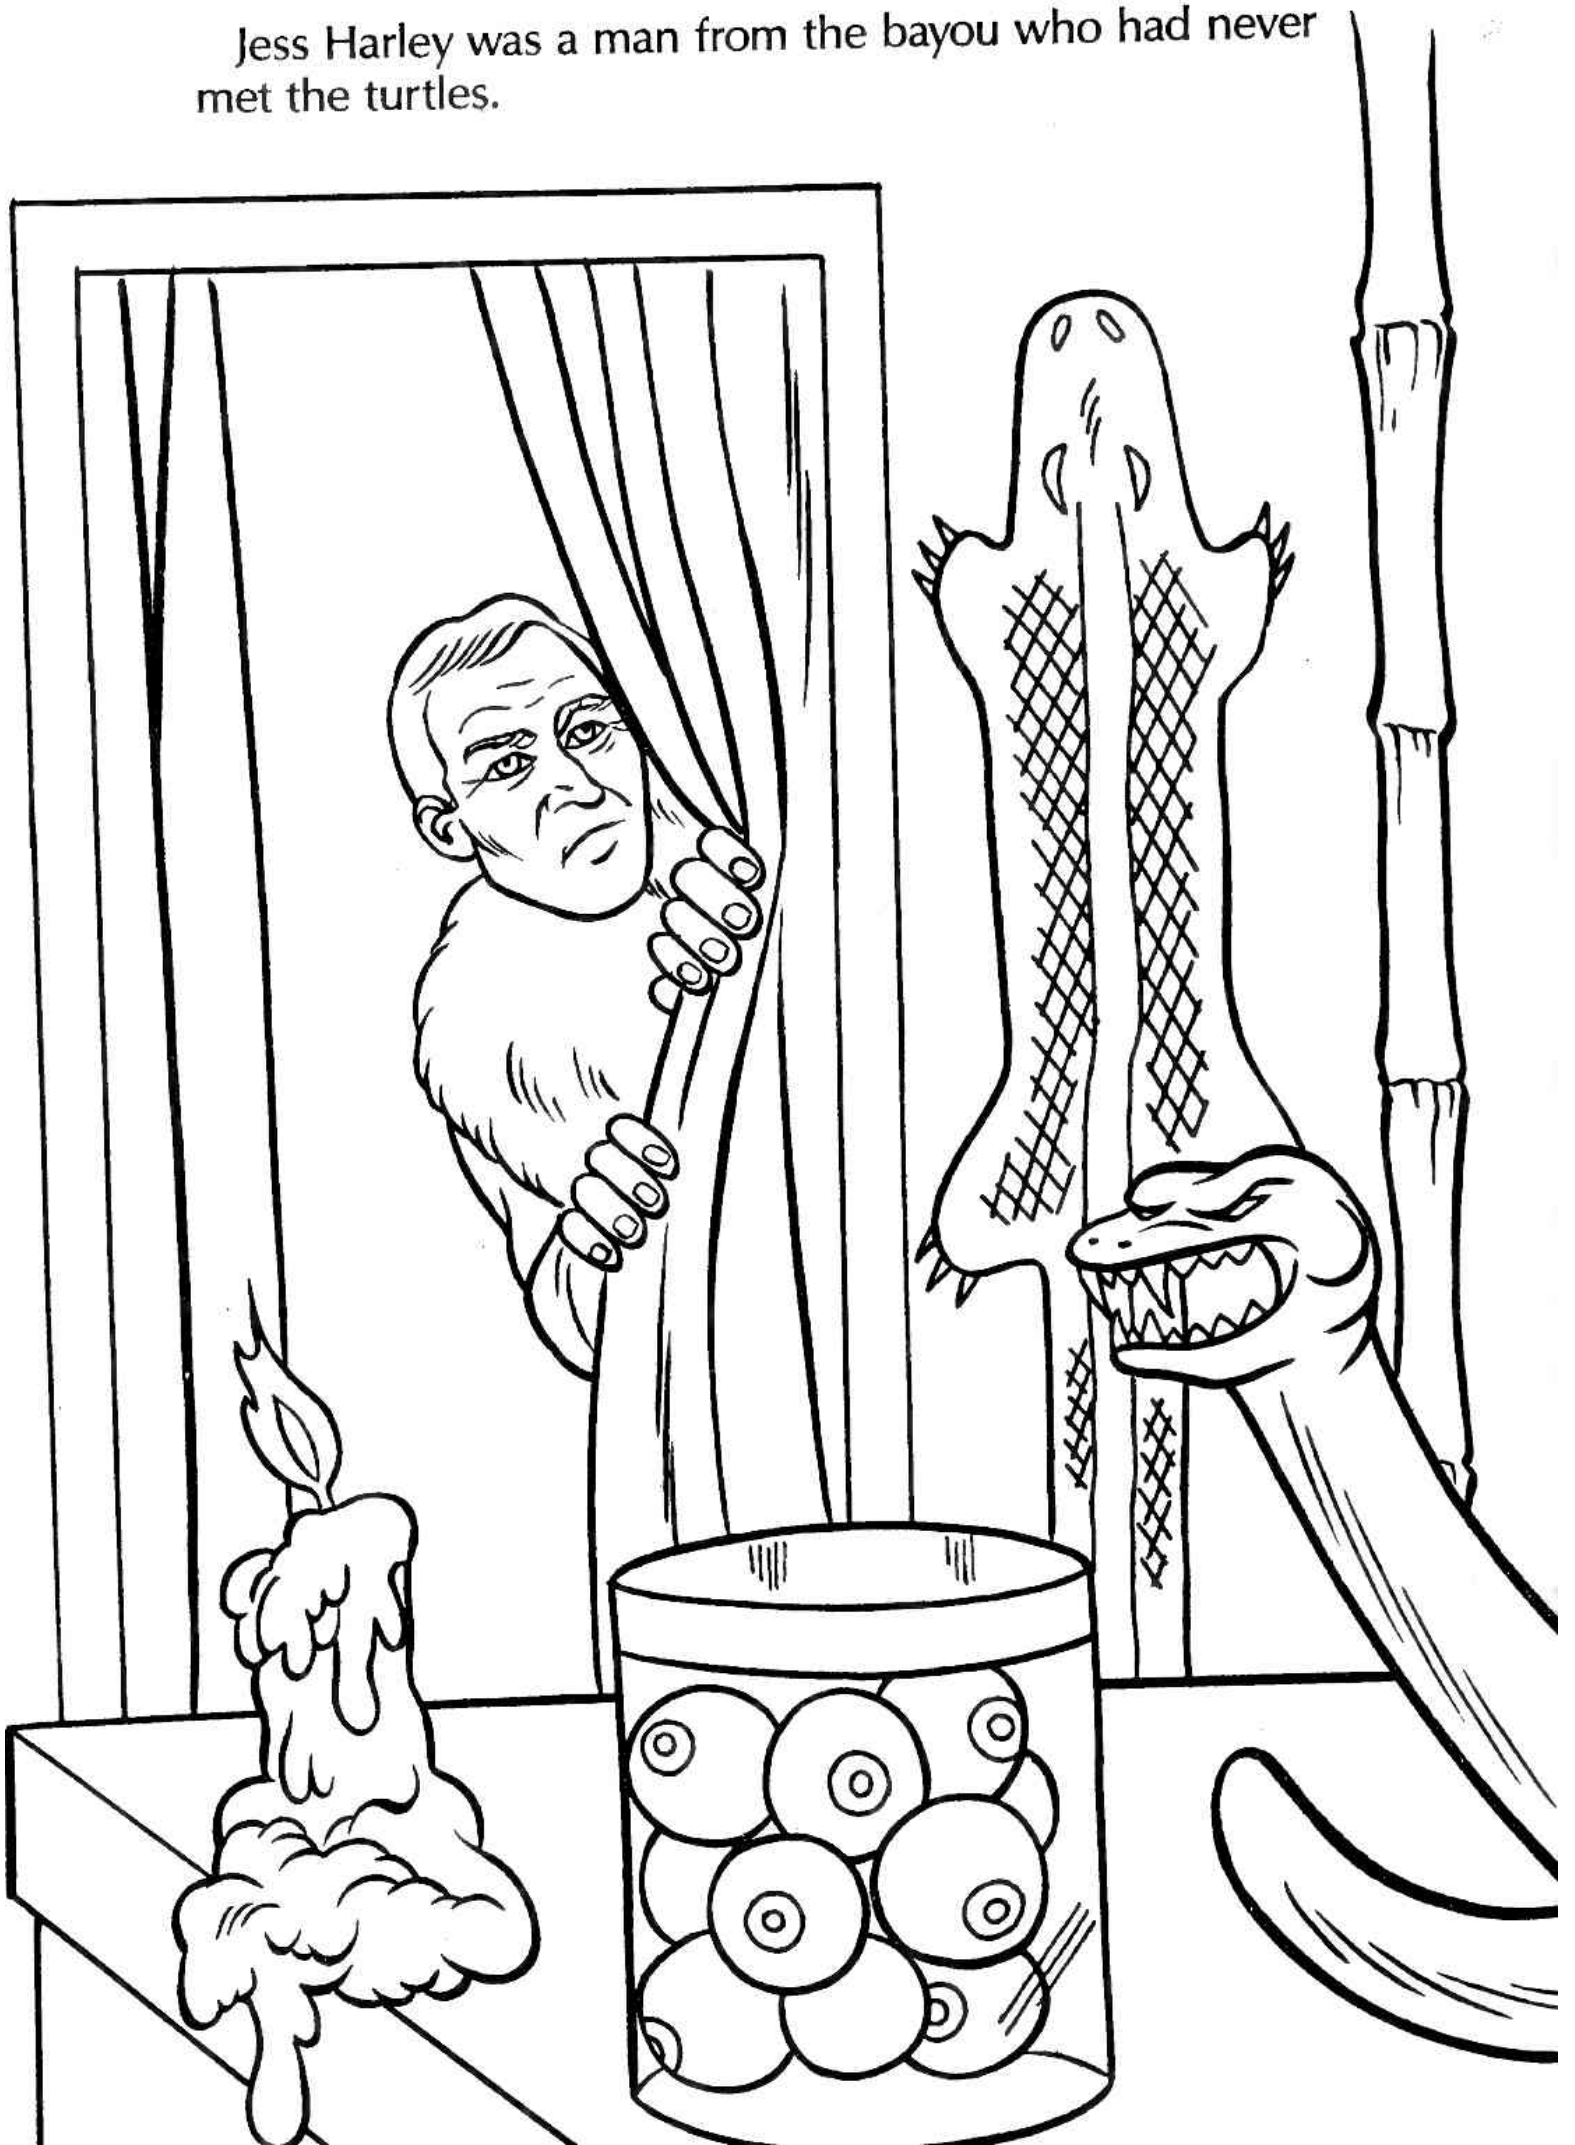


The Neutrinos are teenagers from Dimension X. They want to help the turtles defeat Krang.

Aquarium keeper Jack Finney met the turtles when they visited his aquarium. He imitated his prized manta ray.

Like the turtles, he was mutated too...into a half-man, half-manta ray named Ray Fillet.

Jess Harley was a man from the bayou who had never met the turtles.

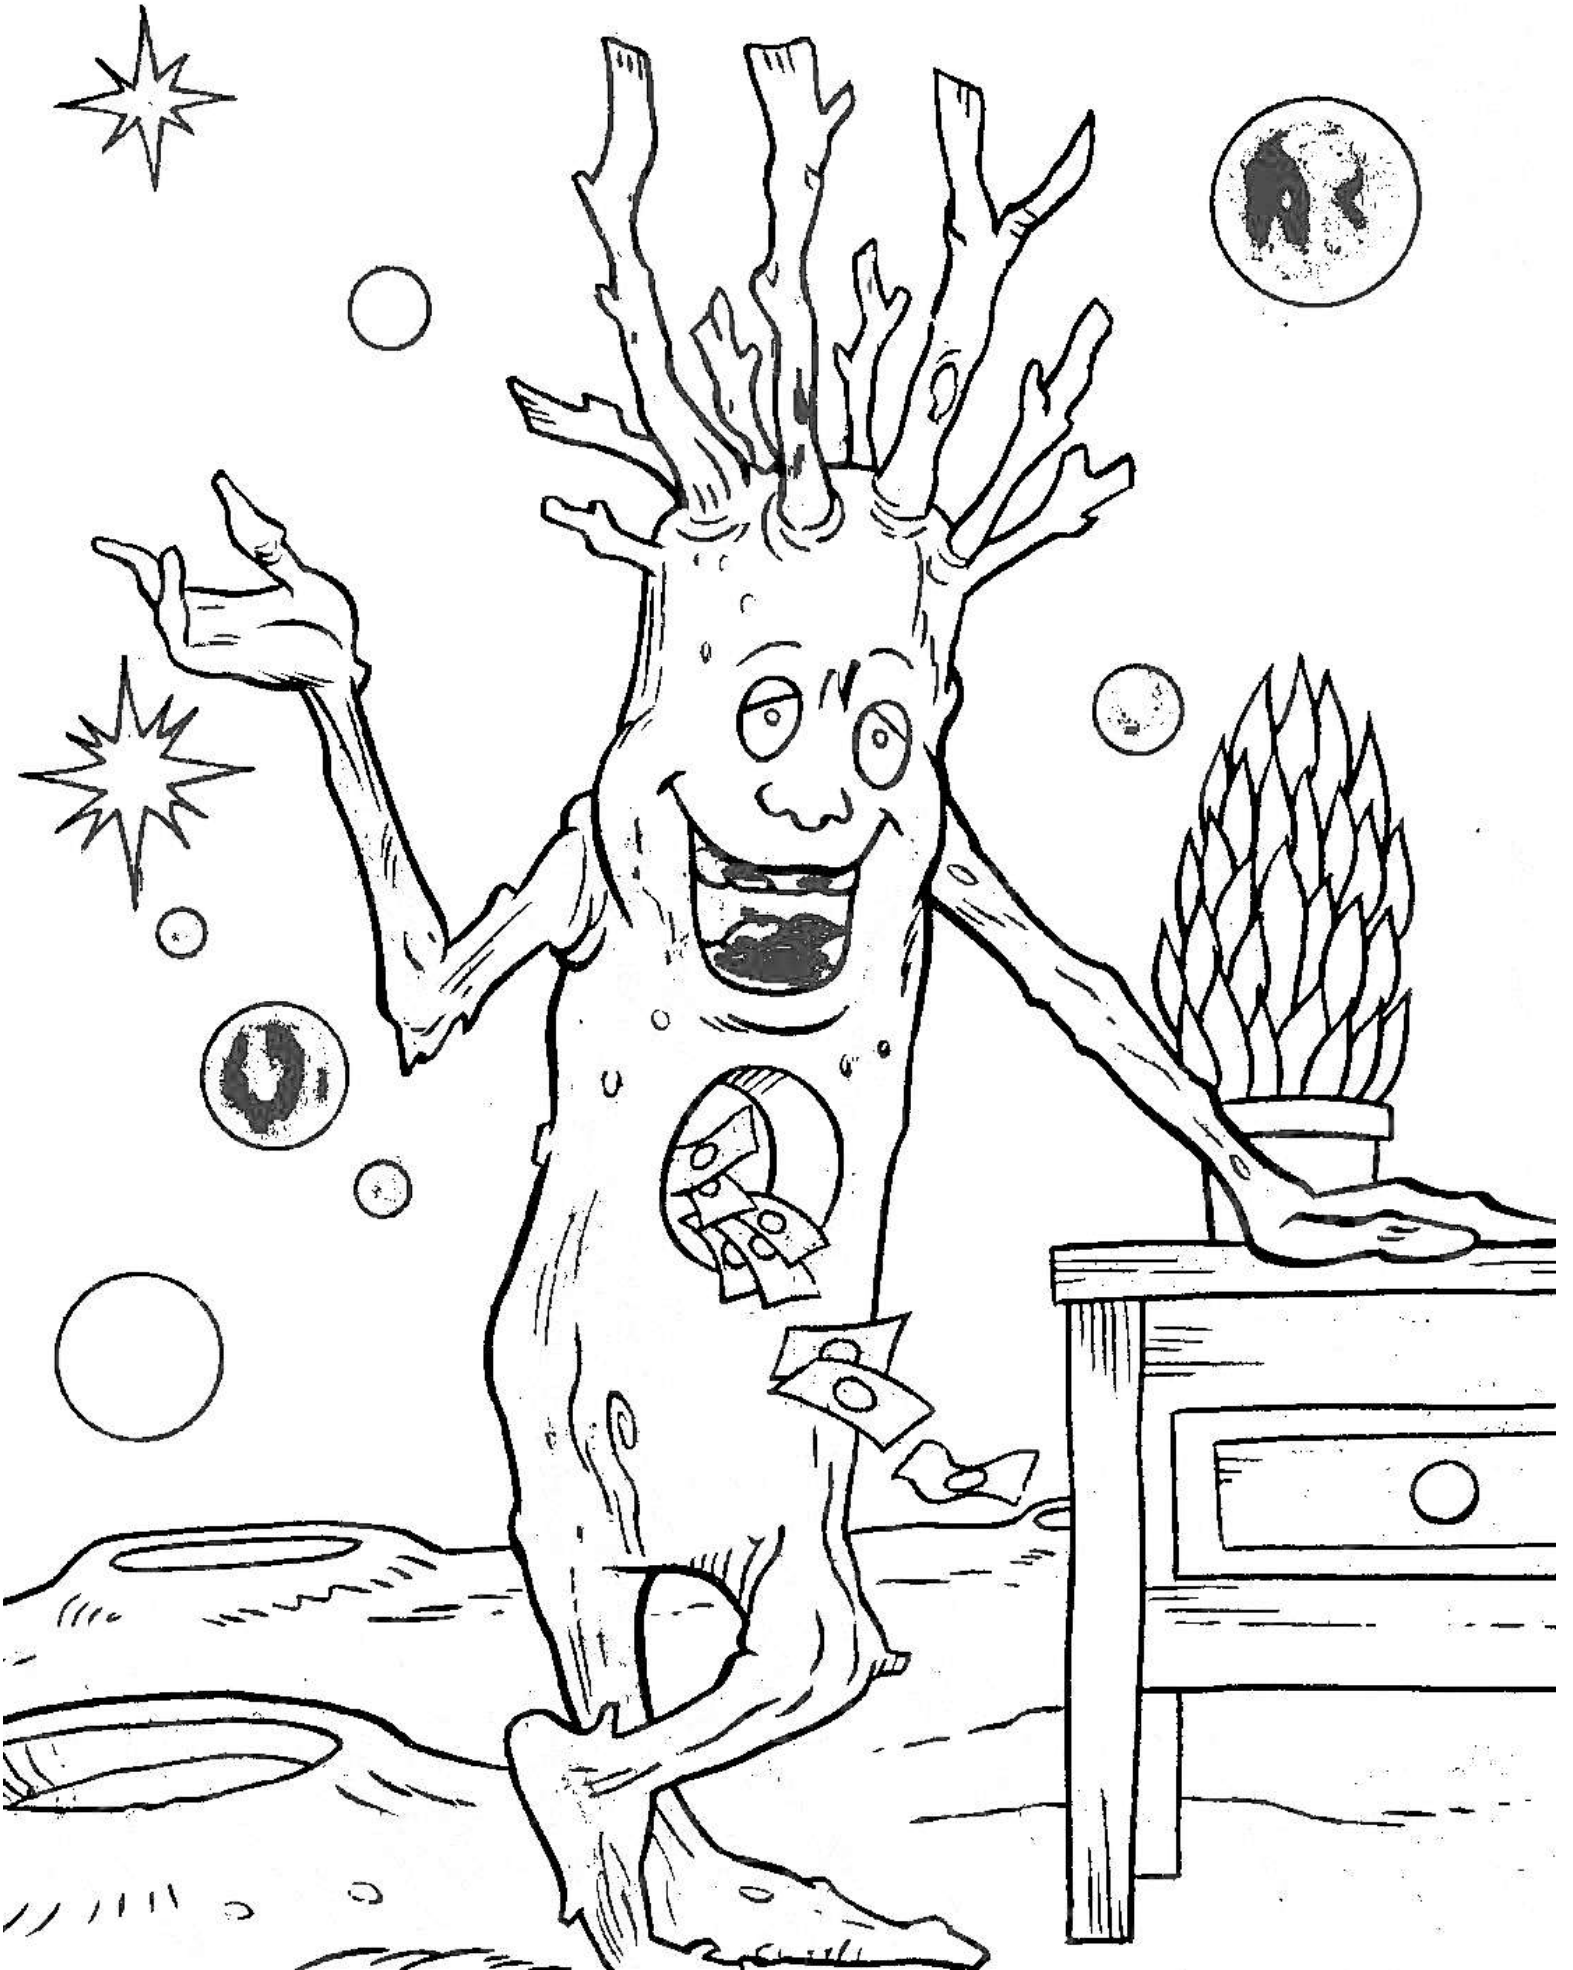


Mary Bones used her magic turnstone to change Jess into a creature called Leatherhead.

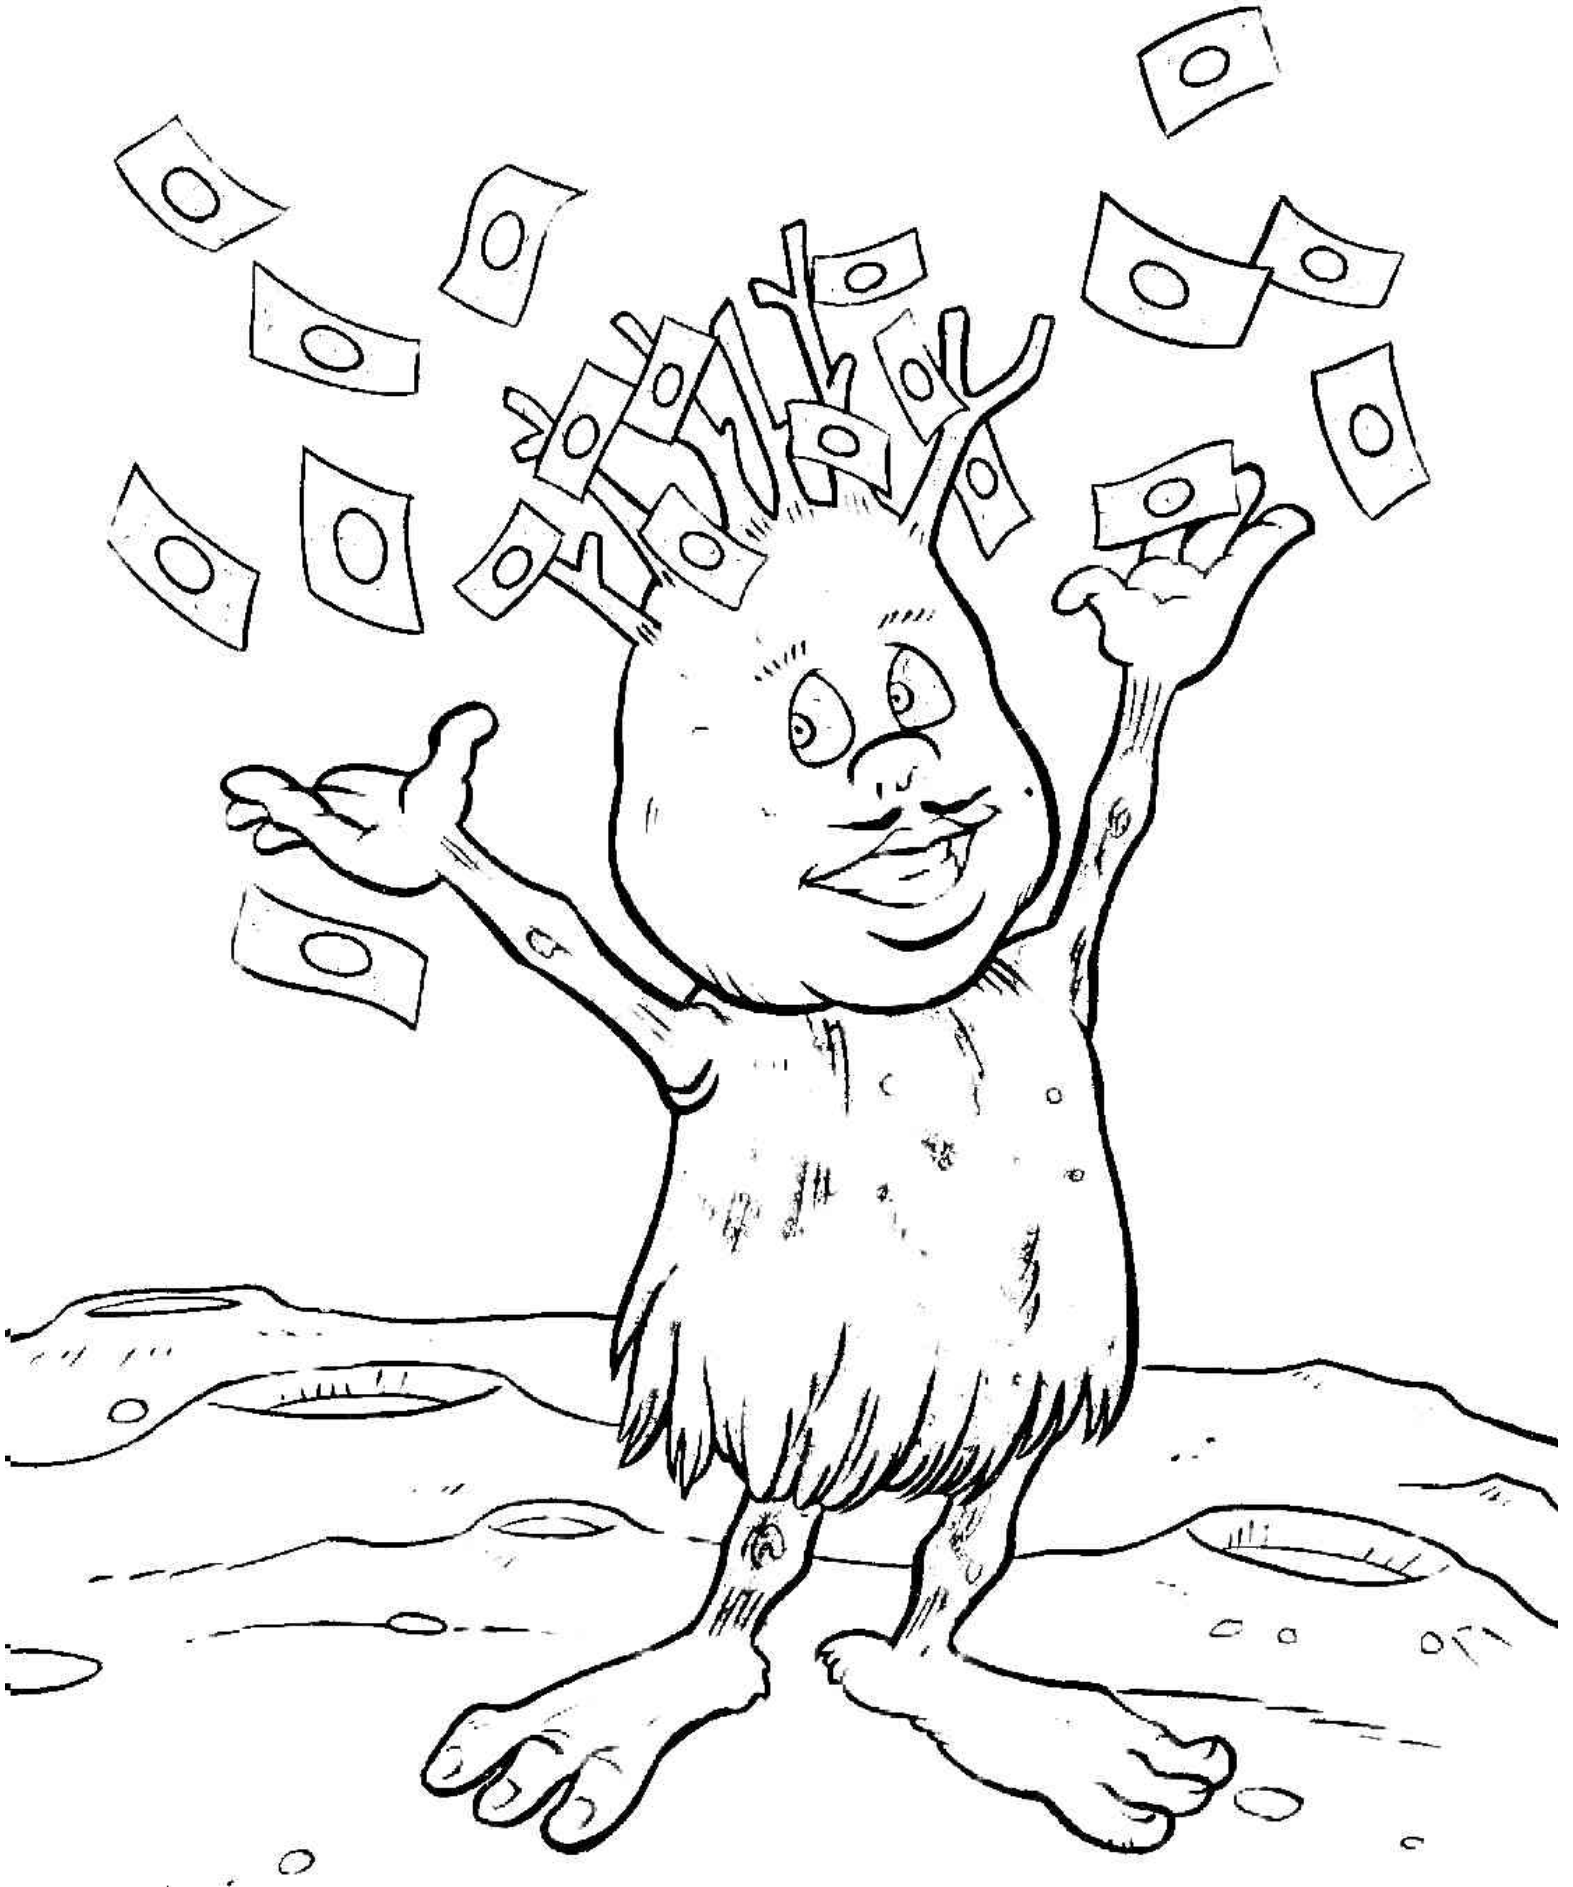
Life is never easy for the Teenage Mutant Ninja Turtles. One day they were lapped up by a transdimensional cowlick named Cudley.

Cudley carried them to Stump Asteroid. There the turtles met some very strange beings!

Here are Stump...



and Sling.



The turtles barely won their match against the four-armed Cryin' Houn'.

And they almost had to wrestle against the champion fowl, Ace Duck.

The pizza delivery boy!
